

YOU NEED FEAR IT NO LONGER

GRAVEL WARDED OFF AND
CURED BY DODD'S KIDNEY
PILLS.

Manitoba Man Tells How His Urinary Troubles Vanished Before the Great Canadian Kidney Remedy.

Hamrik, Man. (Special).—Probably there is no disease to which man is heir that causes such a general dread as Gravel, or Stone in the Bladder. The frightful pains it brings and the terrible operations it necessitates cause a shudder of apprehension whenever it is mentioned. But there is really no reason why any man or woman should fear Gravel. It is purely and simply a Kidney disease, and as such can be either cured or guarded against by the use of Dodd's Kidney Pills. Take the case of Mr. Calvin K. Snyder, well known here. He says:—"In the spring of 1907 I was almost laid up from a lame back and was also troubled with excessive urination. I got a box of Dodd's Kidney Pills, and used them with satisfactory results. Dodd's Kidney Pills are the best Kidney medicine I ever heard of."

If you follow Mr. Snyder's example and use Dodd's Kidney Pills for slight urinary disorders, you will never be troubled with Gravel. If you have Gravel, Dodd's Kidney Pills will cure it.

Inventive

Mrs. Jims—Madame Snipper has perfected a wonderful invention. Mrs. Tims—What is it?
Mrs. Jims—A revolving hat; it works so that the congregation can see all sides of it.

Examiner—"Miss Jones, state the chief impediment to marriage."
Candidate—"When no one presents himself."

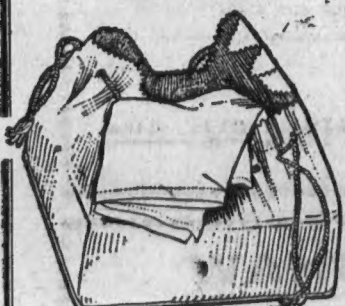

Some men can't even blame cigarettes for their failure to make good.

DR. MORSE'S INDIAN ROOT PILLS

owe their singular effectiveness in curing Rheumatism, Lumbago and Sciatica to their power of stimulating and strengthening the kidneys. They enable these organs to thoroughly filter from the blood the uric acid (the product of waste matter) which gets into the joints and muscles and causes these painful diseases. Over half a century of constant use has proved conclusively that Dr. Morse's Indian Root Pills strengthen weak kidneys and

CURE RHEUMATISM

HANDKERCHIEF BAG FOR \$1.00

SCRIP SOLD ON EASY TERMS.

We will sell 320 ACRE WARRANTS—on terms—without any cash payment if you have improved farm land to offer as security. Our price is only \$625.00 a Warranty and five years to pay the same.

CANADA LOAN & REALTY CO.
Limited.
218-217 McIntyre Block, Winnipeg.

According to the Text

The father wanted to test the generous nature of his son, so as the boy was going to church one morning he said:

"Here, Benny, are a quarter and a penny. You can put whichever you please in the contribution box."

Benny thanked his papa and went to church.

Curious to know which coin Benny had given, his papa asked him when he returned, and Benny replied: "Well, papa, it was this way. The preacher said the Lord loved the cheerful giver, and I knew I could give a penny a good deal more cheerfully than I could give a quarter, so I put the penny in."

A Pill for Brain Workers.—The man who works with his brains is more liable to derangement of the digestive system than the man who works with his hands, because the one calls upon his nervous energy while the other applies only his muscular strength. Brain fog begets irregularities of the stomach and liver, and the best remedy that can be used is Parmelee's Vegetable Pills. They are specially compounded for such cases and all those who use them can certify to their superior power.

Chile annually takes imports to the value of about \$100,000,000. United States gold, of which more than 90 per cent. is in manufactured articles, and of which the United States is supplying less than \$9,000,000.

Minard's Liniment Cures Dandruff.

The Manly Man.

"After you've been two weeks in the house with one of those terrible handy men that ask their wives to be sure and wipe between the lines of the forks, and that know just how much raising bread ought to have, and how to hang out a wash so each piece will get the best sun, it's a real joy to get back to the ordinary kind of man. Yea 'tis so!" Mrs. Gregg finished, with much emphasis. "I want a man who should have sense about the things he's meant to have sense about, but when it comes to keeping house, I like him real helpless, the way the Lord planned to have him!"

For years Mother Graves' Worm Exterminator has ranked as the most effective preparation manufactured, and it always maintains its reputation.

Would Do His Best

Father—"What you need is a flogging, young man."
Son—"I know it dad, but I will try and do without it."

CURED HIS BLADDER TROUBLE

Mr. Herbert Bauer, of Davisville, says he owes Gin Pills a debt of gratitude which he can never repay. He suffered for years with Bladder Trouble, and could not pass Urine except by much straining, which caused great pain.

Mr. Bauer sent for a free sample of Gin Pills. The first dose did him so much good that he ordered six boxes and began to take them regularly. A month's treatment completely cured him.

You can try Gin Pills before you buy them. Write National Drug and Chemical Co. (Dept. N.U.), Toronto, for free sample. At all dealers 50c a box—6 boxes for \$2.50.

In 1883 there were fifteen labor co-operative societies in the United Kingdom; in 1908 there were 142, and their profits in a trade of \$20,510,069 amounted to 888,929.

By the time a girl gets old enough to believe that men don't mean the nice things they say, she is so old they don't say them any more.

For Burns and Scalds.—Dr. Thomas' Electric Oil will take the fire out of a burn or scald more rapidly than any other preparation. It should be at hand in every kitchen so that it may be available at any time. There is no preparation required. Just apply the oil to the burn or scald and the pain will abate and in a short time cease altogether.

She—"Somebody has told me that you already have a wife—a blonde."
He—"I assure you, dear girl, you are the first blonde I ever loved."

Red, Weak, Watery, Watery Eyes Relieved By Murine Eye Remedy. Try Murine For Your Eye Troubles. You Will Like Murine. It Soothes. 50c At Your Druggists. Write For Eye Books. Free. Murine Eye Remedy Co., Toronto.

Weary William—"What did ye tell dat lady when she asked ye if ye wuz equal to de task o' sawin' wood?"
Tattered Tom—"I tol' her dat equal wuzn't de word. I wuz superior to it."

Minard's Liniment Cures Burns, Etc.

A Recompense

Torke—"Your daughter's musical education must have cost a lot of money?"

De Porke—"Yes, it did, but I've got it all back."

Torke—"Indeed?"

De Porke—"Yes, I've been trying to buy the house next door for years and they wouldn't sell. But since she's come home they've sold it to me for half price."

ZAM-BUK ENDS YEARS OF PAIN

Powerful Proofs of Its Healing
Value

As a household remedy, useful in emergencies such as are always arising in any home, and particularly where there are children, Zam-Buk is without equal. Here are some opinions of its merit:

Mrs. Halliday, Wroster, Ont., says:—"I have proved Zam-Buk unequalled for cuts, sores and diseases of the skin. In every case to which I have applied it, it has brought about a cure, and I recommend it to all mothers."

Miss Cassie Petrie, Victoria, Mines, Cape Breton, Nova Scotia, says:—"For a long time I suffered from pimples and unsightly spots on my face, and hearing so much about Zam-Buk, gave it a trial. It has now removed the eruption, and I would heartily recommend it for pimples and skin diseases."

Miss A. Bourge, Notre Dame, Kent County, N.B., says:—"For months I suffered with a running sore on my leg, and although I tried various ointments and salves, none did me much good. The sore would just heal over, and then break out again. I was advised to try Zam-Buk, and obtained a supply, together with some Zam-Buk Soap. I carefully washed the sore, night and morning, with the Zam-Buk Soap, and then applied the balm. A few weeks of this treatment completely healed the sore."

Mr. Joseph Kostyuk, of Woodridge, Man., says:—"I had eczema on my face, neck, and hand, so bad that I was unable to leave my room. Several doctors failed to do me any good, although I spent large sums of money. Zam-Buk has effected what they failed to do, and I am now cured."

Zam-Buk is the finest-known cure for skin diseases and injuries. It heals cuts, burns, bruises, abscesses, ulcers, eczema, scalds, sores, bad leg, inflamed patches, poisoned sores, insect stings, blisters, sore feet, etc. It also cures piles. All Druggists and Stores sell at 50c a box, or post free from the Zam-Buk Co., Toronto for price.

Golfer reading from Weather Report.—"Owing to the continued disturbance over the continent of Europe the present rainy weather will be prolonged." Confound those foreign Anarchists!

CAUSE AND CURE OF NEURALGIA

Modern Methods Dispose of the
Cause Instead of Treating
the Symptoms.

Neuralgia means simply "nerve pain," so there may be a great variation in the character and intensity of the pain and any nerve in the body may be affected. There are a number of causes of neuralgia, but the most common is a general run-down condition of the system. The discovery of this fact from reliable statistics led to the new treatment for neuralgia which consists in building up the general health by the tonic treatment and so disposing of the cause of the trouble.

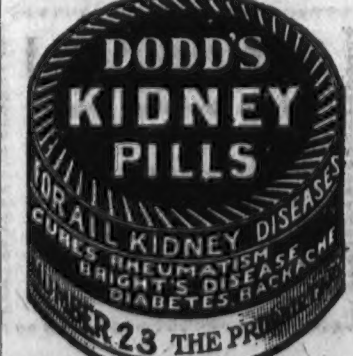

Persons reduced by acute sickness, or by severe mental or physical strain, or by loss of sleep are frequently victims of neuralgia and it is common in the case of those suffering from anaemia or bloodlessness. This brings us to the actual cause of neuralgia, which is nerve starvation. The blood which in normal health carries to the nerves all of their nourishment, is unable to perform this duty satisfactorily when it is weak or impure. Build up the blood and the neuralgia pain will disappear as the nerves become better nourished.

Dr. Williams' Pink Pills are a blood-making tonic, and for this reason cure even the most obstinate cases of neuralgia. Every dose of this medicine makes new, rich blood, which feeds the starved veins and drives out the sharp, darting, stabbing pains of neuralgia. Mrs. John Tibert, Little River, N.S., says:—"A few years ago I was a great sufferer from neuralgia in my head and face. At times the attacks were simply excruciating, and I would be forced to remain in bed. I tried doctors' medicines, but did not receive any benefit until I began using Dr. Williams' Pink Pills, and I am happy to say that the benefit I received from these was wonderful. I may also add that Dr. Williams' Pink Pills cured my daughter of anaemia and indigestion, at a time when we began to despair of her getting better. I can highly recommend these Pills to anyone suffering from these troubles."

You can get Dr. Williams' Pink Pills from any dealer in medicines or they will be sent by mail at 50 cents a box or six boxes for \$2.50 by The Dr. Williams' Medicine Co., Brockville, Ont.

Circumstantial Evidence

"DeVilliers has quit scorching"
"Machine all in?"
"Nope; he's dead."
"That doesn't prove anything!"
Harper's Weekly

W. N. U., No. 760

First Sign of Health

"No," said the doctor, "it wouldn't be safe to let your husband leave the hospital yet. I don't believe he's well enough."

"What's the matter, doctor? He seems to be convalescing."

"That's what puzzles me. I think he's convalescing, too, and yet he hasn't once complained about the hospital meals served him."

"Now this," said the barber, holding up a pink bottle, "is a splendid thing for baldness." "Thank you," replied his victim, coldly. "I have all the baldness I require."

The Beauty of a Clear Skin.—The condition of the liver regulates the condition of the blood. A disordered liver causes impurities in the blood and these show themselves in blemishes on the skin. Parmelee's Vegetable Pills in acting upon the liver act upon the blood and a clear, healthy skin will follow intelligent use of this standard medicine. Ladies, who will fully appreciate this prime quality of these pills, can use them with the certainty that the effect will be most gratifying.

Some recent examples from the writings of two Australian humorists: "Hope is the increase in salary we never get—but might. It's that trip round the world we're going to take—but don't. It's the mine that's going to pay big dividends—some day. Luckily the things we hope for most don't always happen, otherwise our enemies would be all dead."

If we may credit a Princeton lecturer, reported in the Washington Star, the late Mr. Cleveland was disposed to have a little fun at the expense of those Americans to whom life is de-vouring and incessant activity.

"Mr. Cleveland," said the lecturer, "had no sympathy with the rush and hurry that our business men so complacently affect, no sympathy with the lunch-table telephone, with the letter phonograph, and the train and boat dictation."

"Don't rush so," Mr. Cleveland once said to me. Lightning might do a great deal more if it wasn't always in such an awful hurry!"

Minard's Liniment for sale everywhere

A Perfect System

"I can't save anything. What I want is a patent bank that will take my pay envelope away from every Saturday night and hand me lunch money every day."

"What you want is a wife!"—Kansas City Journal

The Canadian Pacific Railway are running their Annual Excursions from Manitoba, Saskatchewan and Alberta to Eastern Canada, and with the Touring Sleeping Cars, now run on all through trains, enables passengers from Western Canada to travel East with comfort, and at a minimum cost. By taking the "All Canadian Route" (C.P.R.) passengers have very few changes of cars, no tedious transfers across crowded cities and no examination or bonding of baggage.

The aggregate value of Canadian cheese and butter exported during the year 1908 was approximately, \$18,987,340, a decrease of \$1,999,058, as compared with the previous year; 5,500,000 pounds of butter were exported, as against four million in 1907. The decrease in the total value is, therefore, due to the falling off in the export of cheese.

Minard's Liniment relieves Neuralgia.

A Collector

Minister—"My dear little boy, why don't you get an umbrella?"
Ja-key—"Since pa has stopped going to church he never brings home any more umbrellas."

"I'll give ye two a week," said the country merchant.

"I can't live on less than four," declared the ambitious boy.

"Ye don't know what ye can do 'till ye try John. Try it on two fer awhile. It will make better reading for your biography when ye git rich."

The efficacy of Bickle's Anti-Consumptive Syrup is curing coughs and colds, and arresting inflammation of the lungs, can be established by hundreds of testimonials from all sorts and conditions of men. It is a standard remedy in these ailments and all affections of the throat and lungs. It is highly recommended by medicine vendors, because they know and appreciate its value as a curative. Try it.

Logical Conclusion

"You look sweet enough to kiss," says the impressed young man.

"So many gentlemen tell me that," coyly answers the fair girl.

"Ah, that should make you happy."

"But they merely say that," she replies. "They merely tell me the facts in the case, and never prove their statements."

She—"I have just discovered that the diamonds in the diadem you gave me last year are false."

He—"Why, then they just suit your golden hair."

Inquiring Henderson—"Paw, what is single-blessedness?"
Father—"That's when the doctor says it isn't twins."

In England a dog used to guide a blind person is exempt from taxation.

WEAK LUNGS

RESTORED BY PSYCHINE.

"PSYCHINE" has restored thousands of people to buoyant health and strength whose condition had been regarded as hopeless. It is a tonic and flesh-builder, containing remarkable properties as a blood purifier and germicide. It will strengthen and heal the weak lungs, force out the phlegm, and drive away the cough, no matter of how long standing.

"PSYCHINE" tones up the whole system and drives out disease, heals the decayed tissue and restores lost energy. Its use daily will prevent and ward off that most subtle disease consumption.

FINISH OF THE OCTOPUS

STANDARD OIL COMPANY TO BE DISSOLVED

The United States Government Wins Suit Against the Big Oil Concern, and Court Orders Company Dissolved as Illegal—One of the Most Far-Reaching Judgments Delivered in United States.

St. Paul, Minn.—The government wins its suit against the Standard Oil Company. The United States circuit court ordered the company dissolved and pronounced it an illegal corporation.

This case was heard in the United States circuit court at St. Louis, in April, 1909, by circuit court Judge Sanborn, of St. Paul; Vandeventer of Cheyenne; Hook, of Leavenworth, and Adams, of St. Louis. It was brought to enjoin John D. Rockefeller, Wm. Rockefeller, Henry F. Flager, Henry H. Rogers, John D. Archbold, Oliver H. Payne, Charles M. Pratt, the Standard Oil Co., of New Jersey, and about seventy other corporations from maintaining a combination and conspiracy in restraint of trade, to monopolize inter-state and international commerce and the decree grants the injunction sought by the government.

The case is one of the most notable in the history of the nation, on account of the important industrial and legal questions, and the vast financial interests involved. The evidence filled 21 volumes, and occupied more than 10,000 printed pages, and the arguments of the counsel more than 3,000 printed pages. The nature of the case and the character of the decision appear from the syllabus of Judge Sanborn's opinion, which reads:

"Congress has power under the commercial power of the constitution to regard and restrict the use in commerce among the several states and with foreign nations of contracts, of the method of holding title to property and of every other instrumentality employed in that commerce so far as it may be necessary to do so in order to prevent the restraint thereof as denounced by the anti-trust act of July 2, 1890.

New Penitentiary for Calgary

Calgary.—The government fully recognizes the fact that more jail accommodation should be provided for Calgary and district and have already commenced the necessary steps in order to secure the required ground in the near vicinity of Calgary, and will in the near future begin the erection of a penitentiary of sufficient capacity to serve the needs of the district for some years to come.

The above statement was made by Premier Rutherford when his attention was called to the fact that five of the six prisoners sentenced in the police court to serve terms in the barracks by Col. Walker were refused admittance there by Supt. Deane owing to lack of room. The proposed new penitentiary will be used for short term convicts, that is, prisoners sentenced for two years or less, as it is the duty of the federal authorities to look after convicts sentenced for over two years.

At present the prisoners are kept in the mounted police guard room where there is only proper accommodation for 60 prisoners, though as high as 80 or 90 have been kept in the quarters.

Western Farmers are Holding Wheat

Calgary.—Despite the fact that wheat prices are good and gradually going up, farmers in Alberta, Saskatchewan and Manitoba particularly, are holding back their wheat offerings in large quantities. This statement was made recently by Mr. Wm. Rosser of the Manitoba Grain Growers, who is in the city. There is a great demand for export wheat at the present time, in fact more than there is in sight. Canada at the present time is called upon to supply the British markets. This is due to the Argentine shortage, which usually supplies that market. Locusts and frost has damaged the Argentine crops to the extent of nearly 75,000,000 bushels less than was their output for last year.

In the northwestern parts of the States there is a marked shortage on account of farmers holding back, and in the big centres like Chicago and Minneapolis, there is not nearly so much wheat on hand as in former years.

Wheat receipts are showing a falling off at all Canadian points, and this will have the necessary effect of keeping the present prices up.

Cannot Force Views on Colonies

London.—During a discussion on Asiatic immigration in the House of Lords, Earl Crewe said everybody in England would be glad if British subjects all over the world had equal access to His Majesty's dominions, but anyone who had even the slightest acquaintance with the opinion of the great overseas dominions, knew that that was an ideal which could only be attained at a very distant date. He saw no softening of opinion in that direction, but rather, signs of hardening. They all regretted that, but they could not force upon the Dominion a policy of a kind which they were so strongly opposed.

To Be Governor of South Africa

London.—Herbert J. Gladstone, secretary of state for home affairs, has accepted the post of Governor-General of United South Africa.

CANADA WITHIN HER RIGHTS

Minneapolis Journal Says the Great Lakes Must Not Become a Mediterranean

Minneapolis.—Commenting editorially on the international question of the great lakes naval militia which is just now causing so much diplomatic interchange of ideas, the Journal says:

"Canada is within her rights if she has given notice that she will refuse consent to the presence of any more practice ships for our naval militia on the great lakes. The refusal we may construe as too cynical an interpretation of her rights under the Rush-Bagot convention, but we are bound by formal obligation to respect her refusal.

"Moreover, the convention that has neutralized the great lakes is a blessing, both to the Dominion and to this republic. No minor irritation or inconvenience due to that convention should be permitted to make it unpopular.

The great lakes must not become a Mediterranean, with a Gibraltar at Mackinac, a Malta at Put-In-Bay, a Toulon at Duluth, a Bizerta at Toronto, a Spezzia at Buffalo. If a rivalry in armament upon the great lakes be once begun, no man can prophecy to what extent it might ultimately be carried. If it is our duty and our interest as a nation to put such power on the salt seas that we can defend our rights and dependencies in distant regions, and at the same time keep actual war's theatre away from our shores, it is also both our duty and our interest to continue the Pacific status in North America, and to bar forever from this continent the European military rivalry that grows more intolerable than actual war.

"This republic is dedicated to peace. So, also is this continent."

Britain Same as Ever

London.—The Pilgrims, under the presidency of Sir Henry Mortimer Durand, gave a farewell dinner to John Ridgely Carter, the retiring secretary of the American embassy here, who has been appointed minister to the Balkan states. The large company included Whitelaw Reid, the American ambassador; Earl Dunsay, Sir Edward Seymour, Field Marshall Earl Roberts, and Sir Robert Hart.

Sir Henry Mortimer Durand in toasting King Edward and President Taft said that the British had no right to expect American help in their quarrels, or even to take it for granted that they could depend on American sympathy. Happily neither nation needed from the other more than good-will. The American republic and the British empire were each strong enough to fight their own battles. So long as the magnificent union endured no power on earth could seriously disturb its peace of mind; while Britain, surrounded by her sister nations and brave allies, was still the England of Drake and Nelson.

Anglo-Saxon Federation

Pasadena, Cal.—At the first noon-day luncheon for the season of the board of trade there were 300 business men and visitors present. The three guests of honor—United States Senator Scott, of West Virginia; Chief Justice Howell, of Winnipeg, Canada, and Rev. Robert J. Burdette spoke.

Chief Justice Howell made a notable address, eulogizing the United States government and the constitution, saying:

"Some years ago thousands of Canadians came to this western country and helped to build it up and many of them are now living here. Now we have thousands of American families going into the Canadian Northwest, and many of them are taking the oath of allegiance.

"I regard Alexander Hamilton as one of the greatest statesmen the world ever produced and his ideas of federation have formed the nucleus of all the great federations of the world. We now have the Canadian federation, the English federation and the African federation, and I believe that some day all of these will become welded into one powerful federation."

Canadians as Chicago Judges

Chicago, Ill.—The directors of the International Live Stock Exposition, to be held in the International pavilion, Union Stock Yards, Nov. 27 to Dec. 10, have appointed a formidable list of judges. In the sheep classes the experts will be men of national reputation, five of them coming from the great sheep region in Ontario. They are: Shropshires, W. J. Rutherford, Winnipeg, Man.; Hampshires, E. M. Benham, Canandaigua, N.Y.; Cotswolds, E. L. Shaw, Washington, D.C.; South Down, H. L. Compton, Kyle, Ohio; Dorset, A. G. Danks, Allamuchy, N.Y.; Leicester, C. E. Wood, Freeman, Ont.; Lincoln, Herbert Lee, Highgate, Ont.; Suffolk, Geo. Allen, Burford, Ont.; Oxford Down, G. E. Day, Guelph, Ont.

C. P. R. Not in Politics in B. C.

Montreal.—In an interview Sir Thomas Shaughnessy remarked that the newspaper reports of an interview between Premier McBride and himself on the occasion of his last visit to British Columbia, are untrue. Their conversation, when Sir Thomas called to pay his respects, was quite friendly and agreeable. Sir Thomas stated that whatever opinion he may entertain about Mr. McBride's railway policy, the Canadian Pacific Railway company is not in politics either in British Columbia or elsewhere.

FARMERS FOR CANADA

SENATOR BORAH DEPLORES EXODUS TO CANADIAN FARMS

Regrets that Seventy Thousand of the Strongest and Most Progressive Citizens of the United States Have Moved to Canada—"Dry Farming" Campbell Addresses National Farm Land Congress at Chicago.

Chicago, Ill.—At the national farm land congress, now being held at the Hotel LaSalle, the new science of agriculture which has made "productive great expanses of land in the far west and which is so rich in promise for the future was expounded by the man who may be said to have invented it. Paradoxical though it seems, the advantages of the most rainless climates for raising crops were contrasted with the humid regions where there is the delay and loss due to excessive rainfall.

Professor H. W. Campbell, of Nebraska, the "Father of dry farming," told of the development and practice of the kind of tillage that makes the farmer independent for months at a time of rainfall without the aid of irrigation. Frank W. Mendell, congressman at large from Wyoming, president of the Dry Farming congress, gave an address, and other speakers included Governor R. S. Vessy, of North Dakota, who took for his subject "The call of the farm"; Colonel S. C. Dunlop, Commissioner of the Georgia bureau of industries and irrigation; Congressman Jas. T. Lloyd, of Missouri; Professor A. E. Chamberlain, of South Dakota, and Dr. Cyril Hopkins, of the Illinois Agricultural college.

Senator Borah proclaimed his entire sympathy with the purpose of the congress, and laid special stress on the sorrowful condition of affairs that would permit 70,000 of the strongest and most progressive citizens of the United States to seek farms in Canada and take \$100,000,000 with them. He did not mind the loss of the money, but he did regret the loss of so much red American blood.

U. S. Sends Marines to War Zone

Washington.—Preparations are being made for four hundred marines to sail from Philadelphia, either for the canal zone or for Nicaragua. This will constitute the first armed force to land in Nicaragua, if the developments in the situation there within the next few days require such a course.

All will depend upon the action to be taken by the state department, which is marking time, pending the receipt of additional details of the execution of the two Americans, Grace and Cannon. The departure of the marines came as the result of rush orders sent to the League Island navy yard, after the state department received the preliminary report of the slaying by President Zelaya's order of the two men. It has been intended to send the marines to Panama to relieve about 880 marines on duty there. The date of departure from Philadelphia had been set for December, by which time the troop ship Prairie would have been ready to sail. By working night and day the League Island force will be able to finish repairs to the ship by Nov. 27, and that date has now been set for the sailing of the marines.

Object of France is War with Church

Rome.—Pope Pius in an address to the French Pilgrims declared that France was making war against the church with an aim of undermining the basis of Christianity. The pontiff said that Catholicism was suffering persecution by the French government under the pretext of the separation of church and state. All this the pope said instead of depressing must animate Catholics to defend their religious rights and he concluded his address by urging the faithful to cling to the Episcopacy. The papal words are accepted here as confirmation of the opinion that the Vatican believes the struggle organized by the French government on the school question is intended to be a decisive battle for the complete effacement of Christianity as a factor in the rearing of children, or in other words, the suppression of Christianity in the France of tomorrow. It is asserted that the Vatican is ready to fight on two questions, namely, the denial of legal acknowledgment of the Catholic hierarchy and scholastic instruction.

Women Ask Municipal Franchise

Regina, Sask.—"Votes for Women" will be heard in Saskatchewan legislative halls this session. The women of Regina have organized to canvass the city with a petition asking municipal franchise for married women in the towns, cities and villages of the province. These petitions will be presented to the legislature in due course.

Only Recruiting in Canada

Ottawa.—Col. Fred White, controller of the Royal Northwest Mounted Police, denies the story sent out from Winnipeg to the effect that it is proposed to seek recruits for the force in Great Britain. Col. White says that no need has arisen for doing this and any resident of the old country who desires to become a member of the force must come to Canada to enlist.

Activity on Northern Road

Edmonton.—Three hundred men and 900 teams are at work on the Great Waterways railway, and will continue grading until much colder weather.

OPEN DEFIANCE BY MILLERS

United States Government Issues Orders to Inspectors to Seize all Bleached Flour

Washington.—Open defiance by millers of the United States government's warning to cease the manufacture of bleached flour on pain of seizure, has led the secretary of agriculture to take drastic action. An order has been issued by Secretary Wilson to inspectors of the department of agriculture to seize all of the bleached flour in the country and information has been received here that as a result of that action fourteen consignments comprising several hundred carloads were taken in the west recently.

Further seizures are expected. The millers had been ordered to stop the manufacture of this kind of flour, but it is said a number of them disregarded the secretary's command.

It is supposed here that about \$1,000,000 of bleached flour was manufactured during the past year and that most of what remains of it is in the east, especially in and about New York.

About a year ago the department of agriculture following an investigation and experiments, decided that bleached flour is injurious to health. Then the Secretary issued an order to prevent the manufacture of such flour but for various reasons the millers were allowed six months to dispose of their stock. Some of them obeyed the order, it is said, but others continued their operations.

Will Not Compromise Budget

London.—Walter Runciman, president of the board of education, speaking at Hull, made the important announcement in behalf of the government that it would refuse to entertain any negotiations of compromise with the peers over the budget. Beyond this announcement all is conjecture regarding the development of the political situation.

Some prominent Liberals still are of the opinion that Premier Asquith will resign on the rejection of the budget. Others believe that he will ask the king to create a large body of Liberal peers, recalling that the Irish church disestablishment bill was allowed by the lords on Gladstone's threat to create new peers.

Mr. Balfour's speech at Manchester satisfies his followers as it adopts tariff reform as the party cry, but it cannot be regarded as an election manifesto, since it fails to define what he understands by tariff reform. As to his exact views on tariff reform Mr. Balfour was silent, except to say that he would not touch tariff reform "if it were to increase the ordinary cost of living of the working classes."

A Reign of Terror in Nicaragua

New Orleans, La.—A cable from Panama says: "Passengers arriving from Nicaragua report that a reign of terror exists throughout the portion of that country controlled by President Zelaya.

"Government troops are rounding up every person suspected of sympathy with the revolutionists and executing them without trial. More than 500 have been summarily shot and the executions continue. Residences are ransacked by Zelaya's soldiers in search of incriminating letters and evidence and when resistance is offered the houses are destroyed.

"Women relatives of the revolutionary sympathizers have been subjected to the most horrible indignities and outrages.

"Nicaragua refugees arriving on the Isthmus and in Costa Rica declare that it is time for the civilized powers to intervene."

Too Many Jews in Legal Profession

St. Petersburg.—Because of the great number of Jews who have entered the legal profession since 1905, the minister of justice has further limited the percentage of Jewish students who may be eligible for admission to the bar. Hereafter only thirty-five per cent. of those living within the pale—that is, within the Russian district, where many reside only such Jews as have been admitted by special favor of the government—will be eligible, and 20 per cent. outside the pale. Formerly the percentages were fifty and thirty respectively. The profession of the law was closed practically to the Jews prior to 1905 by reason of the discretionary power vested in the minister of justice, none having been accepted as fully qualified advocates during the thirteen years preceding that date.

Insurance Bill Effective in 1911

Ottawa.—The insurance bill, which was given its first reading in the senate, will be referred to the banking and commerce committee for careful consideration before it receives a final reading. The new act comes into force in 1911 instead as was announced by typographical error.

Year's Shipments of Grain from West

Ottawa.—Statistics received at the department of trade and commerce show that up to November 7, 51,246,350 bushels of grain inspected at Winnipeg, of which 40,516,350 bushels were wheat. Export shipments up to Nov. 7, 29,806,999 bushels, an increase of about 10,000,000 bushels over last year.

Work on C. N. R. To Calgary

Edmonton.—Construction on the Calgary-Vegreville branch of the C.N.R. will continue throughout the winter. The grade is 104 miles from Vegreville.

CANADA'S FLEET UNIT

SEVEN WARSHIPS TO BE BUILT FOR NAVY

Naval Programme Adopted by the Government Involves Construction of Three Cruisers and Four Destroyers—Cruisers for Pacific Coast and Destroyers for Atlantic—Total Number of Officers and Men 1,403.

Ottawa.—The plans submitted by the admiralty and the war office at the Imperial Defence conference of last summer for the naval and military defence of Canada in co-operation with the imperial force and on which the proposed action of the government is based, were laid on the table of the house by the Hon. L. P. Bourdeur.

In brief, the naval programme adopted by the government involves the construction of three cruisers of improved Bristol class, and four destroyers of improved river class costing, for the cruisers, about five and three quarter millions and for the destroyers about a million and a half, with an annual outlay for maintenance of something like two million dollars. Two of the cruisers will be placed on the Pacific coast and one cruiser with the four destroyers on the Atlantic coast. The total number of officers and men for this nucleus of a fleet is estimated at 1,403, with a payroll of about \$400,000 with an extra \$100,000 for victualling.

In respect to the military proposals a provision is made for the extension of the plan of co-operation already under way in connection with the imperial general staff; the exchange of officers and the training of the Canadian troops upon a common system of imperial organization.

In a memorandum submitted to the conference detailing the general proposals of the chief of imperial general staff, General W. G. Nicholson, it is pointed out that the military force of the British empire, including the Indian army and the troops of overseas dominions, amount to the total of nearly 1,200,000 officers and men who can be called to arms in event of war, but that as a matter of fact, owing to the distribution and the various calls on those troops for garrison and other duties, the force available by its terms of service, for expeditionary action in any part of the world, whether offensive or defensive in its nature, is almost insignificant when compared with vast armies of the continental powers, and Japan. The whole history of the British empire, he says, is an illustration of the fact that naval and military services are interdependent and that its safety hinges on their combined action and cordial co-operation.

Bernier Adds Land to Canada

Montreal.—Capt. Bernier greatly delighted a capacity audience at the weekly luncheon of the Canadian club of Montreal, when he gave an address on his recent Arctic trip. He pointed out the immense value of the land he had taken possession of for Canada, saying that while Peary and Cook claimed the expensive luxury of having discovered an invisible point called the North Pole, he had established Canada's claim to the whole of the Arctic Archipelago. The land he had claimed for Canada was not less than 800,000 square miles in extent. It teems with animal life, such as musk ox and deer, while the fisheries which thus pass into Canada's possession were of such magnitude that if Newfoundland were to come into the Canadian federation Canada would control the fish markets of the world. A very large quantity of land was also coal bearing. In fact instead of being a barren waste, this northern land was full of natural resources of untold value.

Oregon Streams are Raging Torrents

Portland, Ore.—Practically every river, stream or creek in Oregon is out of its banks, and from all parts of the state comes reports of damage. In eastern Oregon the rain is accompanied by a wind of almost hurricane violence, which has resulted in considerable destruction. In eastern Washington conditions are much the same, though the rainfall is not reported to be as heavy, but in the southern part of the state streams and rivers threaten great loss. The greatest loss apparently has been done along the Willamette. At Roseburg the water plant has been forced to shut down.

Wheat Exports Increase 10,000,000 Bus.

Ottawa.—Statistics received at the department of trade and commerce show that up to Nov. 7, 51,246,350 bushels of grain were inspected at Winnipeg, of which 40,516,350 bushels were wheat. Export shipments up to Nov. 7 were 29,806,999, and increase of about 10,000,000 bushels over last year.

To Transfer Esquimalt

Victoria.—Commander Parry of H. M.S. Egeria, has received instructions from the British admiralty authorizing him to transfer the Esquimalt naval station to the Canadian government as soon as Canada is ready to accept the transfer.

20 Men Rescued from Cherry Mine

Cherry.—In searching for bodies in the mine here the seekers came upon 20 men who were found to be living, though most of them were in a terribly exhausted condition.

Gentleman Farmers

To one and all; it was im-
possible for me to get my
business sold or get in a
shape to go on a farm this
year as it was late, so I have
made up my mind to stay in
town and deal with you a few
years longer. I will move my
shop near the meat market
and feed mill, opposite Con-
ner & Walburn. I would be
pleased to have you come and
see me again.

Yours truly,
S. A. WOODWARD.
Farmers' Home.

Vol. I No. 19

Bowden, Alberta, Can. Thursday, December 2, 1909

Per Year \$1.00

Garrington Echo

Yes Mac you can pat yourself on the back if potatoes did grow small the oats made up for them.

C Howard has been out this way fishing and was the guest of M. Adair. You came in just right for threshing Charlie.

Our local carpenter is aspiring for big things just now viz, cottages at Calgary how is chances for a sub contract.

The engineers were out and got busy at Cherry Springs. Someone suggested a Big Red Deer bridge, there was a hurried packing of traps and they never stopped to say goodbye.

There are lots of smiling faces around Garrington these days especially on "Paradise Flats," for Messrs Bugton and Stromsmoe have done some good work with their threshing outfit around here. They had some pretty rough travelling in places, but another year we must try and have things fixed up for them.

White Creek

Chas Glasgow expects to leave Dec. 1st for Iowa, to visit friends and relatives.

The White Creek correspondent wishes to thank the Editor and the friends who assisted her in the watch contest.

Mrs O H White, accompanied by Master Teddy, departed last Thursday for Hardesty to visit her brother.

Richard Redford leaves on Tuesday for Airdrie, where he has secured employment on the T C Oliver ranch.

Mrs Redford returned Saturday from Calgary and vicinity. The threshing there is about nearly all done, and the yield of grain is the greatest ever realized in that section. Oats and barley averaging from 75 to 80 bushel per acre, and wheat from 25 to 35 per acre. The farmers are saying; Hurrah for Alberta.

Nisbet

S Fisher had the misfortune to loose a valuable horse on Tuesday last.

L Pearce is busy these days fixing up his house. Looks rather suspicious.

F Mara left here on Tuesday for Calgary where he intends starting work again after being laid up for some time with a broken leg.

On Monday last Ed Sannes was injured rather severely by having his horse fall with him. We hope to see Ed around soon again.

Several of the Nisbet young people attended the dance given in the Grahamston school last Friday night by the Grahamston Girls Tennis Club. They report a splendid time.

Letts S. D.

Mr and Mrs Conrid Weiss leave this week for Iowa where they will spend the winter.

The survey party of the G T P R is camped on section 9 and prophesy that the railway company will be grading through here next summer.

Mr Craig of Trochu will take charge of the service in the school next Sunday evening, Dec. 5th, at 7 o'clock and Mr Harris the Sunday following.

Wanted—The name and address of the insignificant person who took the rope from the well at the school. We hope he did not require 100 ft of rope to hang himself.

The chinook which visited us this week has taken away all the snow and finished the sleighing for the present. The coal haulers have taken advantage of the warm spell and turned out in a body.

There will be a Xmas tree in Letts' school on Monday evening, Dec. 27. This will be an evening for the children and the program will consist entirely of pieces by the children of the school. The parents of the district have the privilege of putting the presents on the tree and of making any contribution they can towards it.

Perbeck

J R Woods is making a business trip to Innisfail this week.

G W May has been under the weather, we hope he will soon be able to be out again.

Chas Worby is working at his coal mine now. Charlie is putting out some fine coal this winter.

Grain in this district is turning out well, oats 40 to 60 bus per acre

and wheat 25 to 30 and a fine sample.

Chas McElroy is now living on his homestead he has purchased a fine team of horses and a wagon from Mr Lincoln, Three Hill Valley.

Arthur Getchel is building a fine residence it has been reported that there is going to be something doing soon.

We have been having very unfavorable weather this last week not much like Sunny Alberta, that we sometimes read about.

Wesley Wood and Frank Thompson, who have been with Eggenbergers threshing outfit are spending a few days at home on account of the unfavorable weather.

Sidney Townsend and Hugh Ross have arrived in this district from Innisfail to spend the winter on their homesteads. Hugh has brought the Mrs out with him this trip.

Mrs Willis Scott and daughter Ethel and Archie Gay and wife were the guests of Mrs J R Wood on Saturday.

W Harris gave an interesting address on Leanness of Soul 106th Psalm, 15th verse, last Sunday, Nov. 28th, to a very good audience.

Trochu News

Mr and Mrs Jake Miller of Huxey spent a few days in Trochu last week.

C I Pearson made a trip to Olds last week in connection with the recent election.

O Tennell is in the Trochu Hospital suffering from a severe bruise on the back of his neck.

E R D Porter, the local manager of the Merchants Bank returned from Red Deer after an absence of two weeks.

Mr Mertz was removed from his home in Elnora to the Trochu Hospital last week suffering with an attack of paralysis.

Mr and Mrs Buttrille entertained a large number of friends at their residence on Monday evening Nov. 22, previous to their departure for France.

Hotel arrivals:—J C Yard, Perbeck; G W Robinson, Olds; J C Ash, Perbeck; F W Poritt, Perbeck; E R D Porter, Red Deer; J Davids, Olds; C B McCallum, Ghost Pine; A E Robinson, Lacombe; F Holliday, Mayton.

Mr and Mrs Buttrille departed from Trochu on an extended visit to France and England last Sunday, Nov. 21. P de Chauvey will act as manager of the Trochu Valley General Store during their absence.

The next meeting of the Trochu Literary Society will be held in the Presbyterian church at 8 o'clock sharp on Wednesday evening, December 8th. A "Breach of Promise Case" will be enacted, and the proceedings will be humorous in every detail. All are welcome.

Presbyterian church, Sunday, Dec. 12. Service at 2 p. m. Sermon—"A famous Butcher—how he lived, and lived well," by J Richmond Craig.

A good joke on an editor, who went one evening to report a party at a home recently blessed with a new baby. He met his hostess at the door and after the usual salutations, he asked after the baby's health. The lady who was quite deaf and suffering with the grippe, thought he was asking after her cold and answered that although she usually had one every winter, this was the worst one she had ever had; it kept her awake at night and and at first confined her to bed. Then noticing that the newspaper man was getting nervous she said she could tell by his looks that he was going to have one just like hers and asked him to go in and sit down.

MALCOLM KIRK

A Tale of Moral Heroism
In Overcoming the World.By CHARLES M. SHELDON,
Author of "In His Steps," "Crucifixion of Philip Strong,"
"Robert Hardy's Seven Days."

Copyright, 1900, by the Advance Publishing Co.

(Continued.)

Dorothy had anticipated remonstrances and opposition from her aunt. She was surprised and gratified to find how calmly Mrs. Penrose accepted the matter. Even when Malcom Kirk expressed his wish, gravely, but with firmness, that they might be married at once and go together to the new parish to begin their life together Mrs. Penrose offered no decided objection.

"You are neither of you children," she finally said to Dorothy, with a sad smile. "You know your own minds by this time. I want you to be married here in this house, of course. It seems very sudden. But I don't blame Mr. Kirk."

"Of course not," said Malcom Kirk decidedly as he looked Dorothy in the face.

So it came about that a month later the president of the seminary faculty came down to Beverly one morning, and Dorothy and Malcom Kirk were married in the presence of a very few of Dorothy's Hermon friends and two of Kirk's classmates who had been settled over parishes near Boston. Kirk had made all his preparations for leaving. A few days before he was married the president of the faculty had surprised him with the announcement that the sales of his pamphlet had been set aside by the publishers for the benefit of the seminary, but by unanimous consent the entire amount, something over \$200, was now at Kirk's disposal. Malcom Kirk was not going to be a penniless bridegroom in any case. He had already received since his return from abroad several checks for writing he had done during his last year in the seminary and while in London. So he was able to start toward the new home with much courage and the knowledge that Dorothy would not miss too many of the old luxuries.

But Dorothy, once she had given her heart to Malcom Kirk and said to him that she would share his life, entered upon a new and contented experience, such as in all her luxurious life she had never before felt. It is perfectly true that she loved him without condition. She put her hand in his with the trustful confidence of a child, and it is no exaggeration to say that she would have been happy with him anywhere, rich or poor, famous or obscure, successful or defeated.

The train whirled them on into the west. Into the land of the prairies. Into the land of new things, of those vague possibilities that always go with an untried community. And Dorothy every moment felt more and more content. Malcom Kirk satisfied her ideals. His noble nature was continually revealing to her new phases of his Christian purpose. He had enthusiasm, and he was the only man who had ever been able to kindle hers. The thought that they were to work together filled her with a heavenly delight. She rejoiced in his strength, his manhood, his inward life.

As for Malcom Kirk, he was transformed by all that he now possessed. His poor Home Missionary church became to him a thought a gigantic engine of power, with this glorious woman now his wife, who was to be by his side henceforth. He trembled at the extent of such a love and consecrated it every moment to the infinite eternal life that belongs both to this world and to that which is to come.

They reached their journey's end at the close of a day and entered the town by night. There was quite a little gathering at the station, curious to see the new minister, and the superintendent himself, who happened that week to be in that part of the state, was present to welcome them and introduce them to a little handful of their parishioners.

There was a parsonage, a furnished house of five rooms, close by the church. A supper was ready for them. A little company came in afterward to greet them, and the people seemed to be truly glad to see them. The sight of Dorothy's beauty astonished them all. She was a little amused at the evident look of disappointment with which every one first saw her husband.

"When they know him, they will love him," she said to herself, with unfaltering trust in his victory over them.

She came out on the porch with him after all the members had gone away, and together they tried to get some idea of the place which was to be their home. The night was starry and the prairie vastness impressive to them. They had never either of them lived outside of a hill country.

"How large did you say the town was, Malcom?"

"About 1,500 people, so the superintendent says."

"How many church members are

there?"

"Fifty-seven on the roll. About 40 living here."

"Can't we go over and look into the church? I am curious to see it," said Dorothy. She spoke in such a glad, happy voice that Malcom Kirk, as he stood there with his arm about her, said, "You are happy, little woman, aren't you?"

"Can you ask?" she replied, and he was satisfied. One of the trustees had left a church key with him. They walked across the parsonage yard, taking a lamp from the house with them, and together they went in.

It was a small room with seats for about 150. A small classroom in the rear and a choir railing in front of the organ, which was in a little recess at one side of the platform.

Malcom Kirk set the lamp down on the pulpit and, with his wife, stood looking over the room.

"My dear," said Dorothy, nestling up close to him, "do you think we two can help to bring in the kingdom, as you say, into this town?"

Malcom Kirk looked at the room, at his pulpit where he was to preach and at his wife, and he fully understood what Dorothy meant.

"Do you mean that we will see how much two people can do to make heaven on earth for 1,500 other people?"

"Yes, and whether in our lifetime we can redeem whatever is evil here and give it back to God."

"We will do it by his grace," replied Malcom Kirk gravely. It seemed to him almost as if they two, there in their little church, had made a solemn promise to redeem the souls of all the

"Do you think we two can help to bring in the kingdom, as you say?"

lost in Conrad. They passed out of the church with the same feeling deep in their souls. Their hearts kindled at their opportunity. And in the infinite places of the heavenly hosts, good and evil, God and the devil noted the entrance of these two children of light into that lawless, un-Christian town of 25 years ago, and from what at once began to be there it seemed within the reach of a tremendous reality that heaven and hell began to struggle for a supremacy marked by events which will leave their record in the book of life with startling clearness. For these two Christians had entered the arena of the great human battle for victory over the world, and the two greatest forces in the universe now began to test their powers as they had never yet been tested in that place.

CHAPTER VII.
THE ANGEL OF DEATH.

Nearly three years after Malcom Kirk and his wife had made their promise in the little Home Missionary church of Conrad, one evening in September, a stranger stepped out of the east bound Chicago express upon the platform at Conrad and inquired for the residence of the Rev. Malcom Kirk.

"He lives up by the church," said the man to whom the question was put. "Come out to the end of the platform and I'll show you."

The stranger followed, and the man pointed up the street where the tower of the little church could be seen.

"You'll find him in the parsonage close by at the right of the church."

The stranger thanked him and started down the platform steps, when the man called after him:

"They're having trouble at the minister's house. I thought if you didn't know I ought to tell you. They have a very sick baby there."

The stranger paused and looked uncertainly at the man.

"I won't go there, then, if I ought not. I am one of Mr. Kirk's old seminary classmates. I stopped off on my way home from Colorado, where I have been taking my vacation. Perhaps I had better not call there to-night. I didn't know of his trouble. Do you know how sick the baby is?"

"No. It's serious. The doctor has been there nearly all day."

The stranger hesitated and finally moved on toward the parsonage.

"I will simply stop and inquire at the house and then go to the hotel," he said to himself.

When he knocked at the little parsonage, Dorothy herself opened the door.

"This is Mrs. Kirk? I am, Mr. Wilson, one of Mr. Kirk's classmates at Hermon. You remember me? I was on my way from Colorado and stopped off to see him. I only just heard of the illness of your baby. I"—

"Come in, Mr. Wilson. I know Malcom will want to see you," she said, and he entered with some reluctance to intrude at such a time, but her manner assured him that his presence was grateful to them.

Three years had made some changes in Dorothy. She was very beautiful still, and there was something more in the face which God's children always have after trial and suffering have purged the life within. Wilson noted in a glance the simple furnishings of the room, the unmistakable sign of economy.

He was struck also with the profound atmosphere of the first great trouble that had come into this woman's home. It was so positive that he felt unable to say anything commonplace by way of sympathy.

In the next room Malcom Kirk was walking up and down with his baby in his arms. The day had been very hot, and the upper chambers of the little house were stifling.

The Rev. George Wilson will never forget that slight side the deathless paradise that all of the redeemed shall some time enjoy. When Malcom Kirk turned and came toward the door where his wife and Wilson were standing, his classmate saw on his face a look of suffering which the strong, homely, marked features emphasized.

For three weeks he had hardly closed his eyes.

He had prayed, his wife beside him, every night on his knees by the little crib that their firstborn son might be spared to them. But tonight, as the baby lay in his arms, he knew that the loving Father had some great reason unknown to them for taking to himself this bit of humanity that for a few months had made the little parsonage on the prairie the very garden spot of all the world to them.

(To be Continued.)

Imperial Naval Staff

London.—The Canadian Associated Press learns that a long and comprehensive despatch is being forwarded to the Canadian government regarding the constitution of the Imperial naval staff. This despatch considers seriously all the proposals and objections which have been raised, both from the colonial and imperial standpoint. An early reply is urged.

New Zealand Discussing Licenses

Wellington.—It is proposed that a compromise should be arranged on the question of licenses by lessening a percentage of votes necessary to carry no license in the Dominion, and giving five years grace to publicans. The latter proposals, it is said, will certainly meet with most determined opposition of prohibitionists and will in all probability be defeated.

Catholics Continue War on Schools

Paris.—Advancing another step in their campaign against the public schools, the Catholic clergy put under the ban another school at Grenoble, where the teacher had disregarded the warning against the use of interdicted text books. The combines advocate retaliation by an official inspection of Catholic text books which they claim teach opposition to the Republic and hatred of liberty.

Putting Down Opium

Pekin.—Official reports received at the British offices throughout China show that progress is being made for the suppression of the traffic in opium in all of the eighteen provinces. The campaign has been most successful through the northern coast and least successful in the mountainous districts of the west.

FOOD FOR A YEAR

Meat	300 lbs.
Milk	240 qts.
Butter	100 lbs.
Eggs	27 doz.
Vegetables	500 lbs.

This represents a fair ration for a man for a year.

But some people eat and eat and grow thinner. This means a defective digestion and unsuitable food. A large size bottle of

Scott's Emulsion

equals in nourishing properties ten pounds of meat. Your physician can tell you how it does it.

SCOTT & BOWNE

126 Wellington Street, West Toronto, Ont.

Don't let your Cough reach the danger stage use Shiloh's Cure now—it banishes Coughs—Cures Throat troubles

Some people who contract a cold are prone to say "it's not serious, I'll let it wear off." That's an unsafe attitude to take—

GET SHILOH'S CURE IN TIME

One of the children goes about coughing—"Oh, Willie is pretty strong, I'll keep him home a day or so and the cough will go." Perhaps it will. Perhaps it won't—

USE SHILOH'S CURE NOW

Yes—this asthma doesn't give me much rest and I've tried nearly everything." Friend says: "My father cured me of asthma thirty years ago with Shiloh's Cure—"

START SHILOH'S CURE TO-DAY

Baby is croupy, whooping cough developing—"What can we get that we can rely on to cut that dangerous, choking phlegm?"

THE FAMILY FRIEND FOR 40 YEARS—SHILOH'S CURE

"Don't like the way son's cough is settling on his lungs. He says they're sore, feverish, weak—there's danger." There is—

THE REMEDY—SHILOH'S CURE

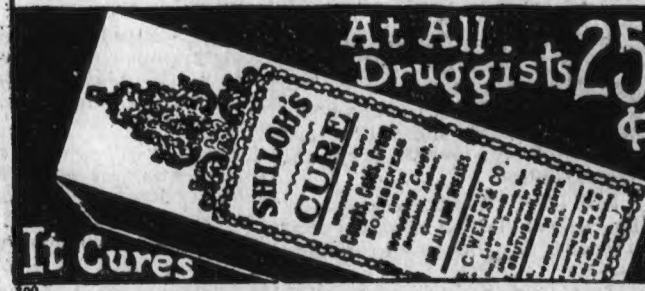

Wife says: "John, you really must stay home and doctor that cold—you can't keep up with it." Valuable time lost—situation imperiled. Needlessly. For in one night—

SHILOH'S CURE CURES COUGHS

"Bronchitis again—I get it every winter—do wish I could cure it." You can, once for all, with Shiloh's Cure—it allays inflammation, builds up weakened lung tissues.

SHILOH'S CURE IS GUARANTEED

It banishes Asthma, makes strong the vocal chords and stimulates the whole breathing tract to health and strength. Just try

Farmers Never More Prosperous

New York.—Bradstreet's state of trade says: Farmers throughout the Dominion were never so prosperous and naturally their purchasing power has been greatly increased.

Canadian business failures for the week ending with Thursday number 26, which compares with 29 last week and 33 in the corresponding week of 1908.

Trade in Canada in most wholesale lines is good. Merchants everywhere expect next year's business to be the largest ever experienced in the history of Canada.

Canada and States Protect Fisheries

New York.—According to announcement made in New York, the agreement between Canada and the United States for the protection of the waters lying between the two countries from conditions endangering the fisheries, has been signed, and will probably become operative within a fortnight. The announcement was made by Dr. Starr Jordan, the U.S. member of the international fisheries commission, which has been engaged for more than a year in drawing up the statutes. Dr. Jordan said that the terms would furnish adequate protection to the fish in the waters affected.

Another Harrods Rumor

London, Eng.—It is rumored that the Hudson's Bay company has decided to transfer a section of its business to Harrods, Limited. It is stated that Harrods, as a result, would have some influence in the management of the Hudson's Bay stores in Canada, though it seems a more probable arrangement that it has reference to the company's selling agency in London. It is noteworthy that Harrods' organization might be useful for the disposal of furs in the metropolis.

Will Resist Demand for Higher Wages

Winnipeg.—The Grand Trunk and the Canadian Northern mean to resist the demands of the Brotherhood of Locomotive Engineers and Firemen for an increase in the wages of the engineers and firemen on these systems.

The demand effects all roads west of New Orleans, Chicago and Duluth, whose pay schedule to these classes of employees is less than has been conceded by the Canadian Pacific. That company is unaffected by the coming struggle which it is said will involve upward of 50,000 men.

Control Continental Lines

Ottawa.—The railway commissioners issued an order that no transmission of power lines can be built over the telephone wires without order from the board. This applies to companies with provincial, as well as federal charters. Order may be taken to the supreme court for final decision.

Castro Stirs Up Revolution

Caracas.—Former President Castro is accused by the officials of the government of endeavoring to ferment a rebellion. He is now at Santagar, Spain. Many arrests of Castro partisans have been made.

One Big Trouble Settled

London.—It is understood that William Mackenzie and the market have amicably settled their differences. Nothing more will be heard of the lawsuit instituted against the latter by the Canadian Northern in connection with the recent Canadian Northern issue. Two important firms known as "The Market" and Mr. Mackenzie are to be commended for dealing with the matter out of court.

Cheaper Rates Under Consideration

London.—Penny-a-word cables is the subject of earnest discussion between Hon. Rodolphe Lemieux, postmaster general of Canada, and Mr. Sydney Buxton, postmaster general for Great Britain.

STANDARD PREMIUM CO., DEPT. U, WINNIPEG MAN.

Bowden News

Remember the Concert on Dec. 3. D A Campbell started to school last week.

Willard Wales of Wimborne has started to Bowden school.

S Arnold spent Wednesday at Innisfail.

G Brewster is planning on taking a trip to the mountains soon.

Thos Conner has just received another car of that famous Maple Leaf Flour this week.

Remember the annual meeting of the Bowden Agri. Society this coming Saturday at one o'clock.

Miss Gladys Turnbull left for Calgary this week where she will take up studies.

R Billington of the Crown Lumber Co. shipped a car load of cord wood to Calgary this week.

Mr and Mrs Chas Grey of Innisfail were the guests of P McDermott over Sunday.

H P Collins and wife were guests at the Tatum home Tuesday evening.

The official returns for the election held on the 23rd were as follows: Marshall 744 and Welsh 111.

The fine weather we were having took cold today and everybody is hugging the stoves.

Mittlestead and Teeling went to Calgary last week for some repairs for their drill.

Quite a few of Bowden's young people took in the dance at Betchon school on Friday last and report a good time.

G A Mitchell and family expect to move to Alix soon, where Mr M has a position. We are sorry to lose them as they made many warm friends while here.

Mr and Mrs Tatum expect to leave Saturday for the east where they will spend a month's vacation. They will take in Montreal and other cities before returning home.

The Bowden Basket Ball team made over \$32 at their concert and wish to thank the people who so willingly helped to make up the program.

Sid Truby left today for New York city where he will meet Mrs Truby, and from there they will sail on Dec 11th for England for a four months' visit at his home and expect to return here in the spring.

Mrs F H Rutledge received word that her mother, Mrs Harper of Sax City, Iowa, died last evening. Mr and Mrs Harper were here visiting about three weeks ago. This is sad news to their many friends and relatives here.

Mrs Wm Miller died last evening under very sorrowful circumstances. Up to the hour of going to press we could not learn the date of funeral. The sorrowing family have the heartfelt sympathy of the whole community in their bereavement.

We are sorry to lose C J Sorenson and family this winter but Chris has made good here in the real estate business this summer and is entitled to a trip back to Iowa for the winter. However we expect to see them back in the spring with a big bunch of settlers with them.

Church Notes

Presbyterian church services for next Sunday are as follows: Red Lodge, 11.30; Eagle Creek, 3 a.m.; Bowden, 7.30. Subject, Greatest question ever asked.

Kindly remember prayer meeting on Friday. The hour has been changed from 8 p.m. to 7 p.m. on account of Band of Hope social. W M Chalmers, Pastor.

A Xmas tree and Contata will be held in the Methodist church by the Bowden Methodist Sunday School on Wednesday evening Dec. 22nd, at 8 p.m. Everybody cordially invited to attend. A collection will be taken to help defray expenses.

Don't forget the Concert and Social of the Loyal Temperance Legion on Friday, Dec. 3, at 8 p.m. Bright entertaining and instructive. Come and encourage the young in the cause of sobriety.

Methodist Services will be held at the following appointments Sunday, Dec. 5th: Love Pine, 12 noon. Bowden, 3 p.m. Subject: "Doubt and its remedy," Psalm 73, 2nd to 17th verse.

Bible Class and Prayer Meeting in the Methodist Church every Wednesday at 8 p.m.

After this there will be no service in the English Church on the first Sunday of each month owing to Olds having chosen that day for their communion service.

Communion service will be held in the English Church, Bowden on the last Sunday of each month.

The Presbyterian anniversary services will be held on Sunday the 19th followed by concert and supper on Monday. This will be the big time of the season and you want to make your plan on attending all doings.

Watch repairing executed with such promptness as good workmanship will allow.—Turnbull

Innisfail Items

R Oliffe left on Tuesday last for the coast.

Born—to Mr and Mrs Thomas Dallas, a daughter, the 29th.

Joel Stiles of Bassano, Alta., is visiting friends and relatives in town this week.

R Sharpe left on Sunday last for Oklahoma where he is looking after a stray.

Mrs Wm Darragh of Lakeview died under sad circumstances on Monday.

Frank Anderson returned from Calgary on Tuesday where he went for a few days visit.

W C A Watt is out in the Milnerton district this week on urgent business.

Walter Linehan is suffering from two badly swollen tonsils this week, and can hardly speak above a whisper.

Leslie Shanks, who was so successfully operated on by Dr Crawford, for appendicitis is getting along fine.

We are pleased to report James McGhee as progressing rapidly to recovery. He expects to be home shortly for a holiday and rest.

A large crowd of young people took in the dance at Grahamston on Friday, Nov. 26th. They report a splendid time.

Ernie Sullivan, who has been visiting relatives in Montana returned home on Saturday evening's train.

Geo Powers leaves for the old country this week to complete his claim to a large estate. We wish him a pleasant voyage.

Dr Crawford made a business trip to Bowden last Tuesday. He is getting such large practice there that he will likely go once a week hereafter.

Oscar Watt has returned from Vancouver. He reports a fine trip and a pleasant time, having met several former Innisfailians over there.

We are informed that Alex Munroe of Sharpe & Munroe, barbers, Innisfail has accepted a position as travelling agent for the Matrimonial Post he will travel between Innisfail and Didsbury.

The curlers have played a few scratch games this week. The ice has been very keen so far, but this mild spell will likely soften the ice somewhat. The regular schedule games for the cup and prizes will commence next week.

John Duncan of Little Red Deer had the misfortune to lose his house and contents by fire early Sunday morning. The fire had gained considerable headway before being noticed. The piano and a few other articles were saved. Mr Duncan is preparing to build again.

Markerville

Just a few solemn words from W F Allen at the manse in Innisfail, Thursday, 25th, made Miss Nellie A Smith of Detroit, Mich., the happy wife of Thos. D Smith of Markerville. They will reside on the ranch after their return from a short trip to Banff. And so the "invincible Tom," as everyone thought him to be against Cupid's darts has been caught at last! This courtship and marriage would make a good subject for a romance but as we all know Tom is bashful we will desist and let him tell it himself. Suffice it to say, he has married a young lady, who is a fine musician, a good housekeeper, and best of all a splendid cook. Now may the rest of the bachelors take courage and go and do likewise, if they would be happy. Heartly congratulations and good wishes for all concerned.

WANTED—A good general servant, best of wages paid, apply to Mrs. Wm. C. Paterson, P. O. Box 366, Innisfail.

LOST.—Five yearlings, branded as cut, and hole in right ear.—Notify S. Fisher, Bowden.

LOST.—Two red and white small calves, largest one branded as cut, on right hip, been gone about 3 weeks.—Notify J. Greer, Bowden.

MILCH COWS LOST

One brown red muley, brindled left side of belly—no brand; one yellow, one horn broken off—no brand; one white and red (big cheek), one horn—no brand.—N. Waterman, SW 1 Sec. 2-33-22-1. Good Reward.

\$5 Reward

For return or whereabouts of one bay horse, weight about 900, branded S on left shoulder. Strayed 7 B away from my place Oct. 1st, 1908, eight miles east of Bowden.—H Johnston.

WANTED—A good team of oxen well broken. Cash paid for same. Write me particulars. J. H. Smoock, Milnerton, Alta.

Notice is hereby given that the Grand Trunk Pacific Branch Lines Company will apply to the Parliament of Canada, at its next session, for an Act amending the Act incorporating the Company, chapter 99 of the Statutes of 1906, and authorizing the construction of the following additional lines of railway:

(1) From a point on the Western Division of the Grand Trunk Pacific Railway in the vicinity of the town of Watrous, Sask., to a point at or near Calgary, Alta., or to a point on the line authorized to be constructed by the Company from a point on the said Western Division between the 111th and 113th degrees of longitude to Calgary, Alta.

(2) From a point on the proposed line mentioned in paragraph (1), within ranges 21, 22, 23 or 24, west of the third meridian, thence in a south-easterly and easterly direction to a point at or near Regina, Sask.

(3) From a point on the proposed line mentioned in paragraph (1), within ranges 21, 22, 23 or 24, west of the third meridian, thence in a northerly or northeasterly direction to a point at or near the town of Biggar, Sask.

SUNLIGHT SOAP

Stung

He was a doctor and was patiently waiting for his first patient.

Thought he: "If the mountain will not come to Mohammed, Mohammed must go to the mountain. And as patients will not seek me out I must needs seek them out."

He strolled through the cheap market and presently saw a man buy six nice cucumbers.

"Here's a chance," said he, and followed him home.

Patience he waited for four long and lonely hours and about midnight the front door quickly opened, and the man dashed down the steps.

He seized him by the arm and cried earnestly: "Do you want a doctor?"

"No!" replied the man, roughly. "Want more cucumbers!"

Might Make a Deal

"Excuse me, ma'am," said the man at the door, "but I'm a dealer in second-hand pianos."

"Well, I have a piano," said the woman. "And if I didn't have one, I wouldn't buy a second-hand one."

"I know," continued the man, "but the man next door said he hoped I could induce you to sell yours."—Life.

When an undue amount of nervous energy is used in the brain there is certain to be failure in the other functions of the body.

Digestion is imperfect—the head aches—you cannot sleep—you become nervous and irritable—you are easily excited and quickly tired—your memory fails and you cannot concentrate the mind.

Dr. A. W. Chase's Nerve Food

is a creator of new, rich, red blood and hence a builder-up of the nervous system.

Being mild and gentle in action it is especially suited as a treatment for children at the critical period in life when important physiological changes are taking place. But you must look out for imitations, 50 cts. a box, all dealers or Edman, Bates & Co., Toronto.

U. S. IMMIGRATION INCREASING

Immigration From U. S. in That Month Exceeded That From Other Countries Combined.

Winnipeg.—For the first time in the history of immigration into Canada the movement from the United States in the month of September exceeded that from all other countries combined. The welcome which the American settlers have received in Canada has always been an exceedingly cordial one, their contribution to the material prosperity of the west being very great. The total immigration from the United States for the calendar year will be about 75,000, compared with a total last year of 59,000, and for the previous year of 58,000.

In the month of September the total number of immigrants entering the Dominion by ocean ports was 7,184, as compared with 5,403 in the corresponding month of the previous year. The number entering the Dominion from the United States in the same month was 8,195 this year, as compared with 4,689 last year. The increase in the number entering by ocean ports this year, as compared with last year, was 32 per cent., while the increase in the number entering from the United States this year, as compared with last year, was 75 per cent.

Banks Refuse Abdul Hamid Money

Berlin.—The Imperial Bank of Germany holds \$3,000,000 deposited by Abdul Hamid before he was deposed as Sultan of Turkey, and which, according to the Frankfurter Zeitung, the present Ottoman ruler proposes to recover through legal action. It is learned here that the Imperial Bank is willing to surrender the money if the order for the same bears the signature of the former Sultan, authenticated by the special seal adopted by him when the deposit was made.

At that time Abdul Hamid entered into a strict compact with officers of the bank, under which no withdrawal from this account was to be permitted except on authority of the special seal. Apparently the Turkish government is not aware of this deposit until recently, when a letter sent by the bank to Abdul referring to the account falling into the hands of Mahommed Scheffek Pasha, inspector general of the army. The inspector general forwarded the letter to Abdul Hamid. Subsequently the royal prisoner signed an order on the bank for the money, but his signature was not accompanied with the seal, which he averred had been lost.

France Troubled About the Budget

Paris.—France is having her budgetary crisis. More than \$40,000,000 additional taxation is carried in the pending budget, the new taxes being principally levied on autos, tobacco, wines and inheritance. In the last mentioned class there is an increase of \$10,000,000 over last year.

Much opposition to the budget has developed and the liquor interests already have taken part in one big public demonstration. Many deputies shrink from meeting the constituents in the coming elections, after having voted for the big increase in taxation. Nevertheless the cabinet remains firm, contending that pending schemes for workmen's pensions and other popular measures involve new expenditure, which should be met by taxation and not by loans, and has decided to stake its existence and demand a vote of confidence next week.

Stricter Truancy Laws

Edmonton, Alta.—The Alberta legislature will convene for the next session on or about January 15, the same date as last year. Stricter legislation governing truancy in public schools in Alberta will be introduced at the direction of the attorney-general's department.

While no announcement can be obtained from the department the legislation is being prepared and will be introduced early in the session. The present truancy laws in force in the province are antedated and practically have no effect whatever on the regulation of truancy.

Salvation Army to Found Colonies

St John's, Nfld.—Another of the many projects for the utilization of Newfoundland's vast unoccupied interior areas comes from the Salvation Army, which plans to found colonies in connection with its immigration department in England. A representative of the Army is in Newfoundland conferring with the government officials regarding the proposed settlement.

Would Excuse Execution

Washington.—President Zelaya, of Nicaragua, has attempted to excuse to this government the execution of two American citizens as being under the forms of law and usages of war and after a fair and impartial trial. The message of Zelaya came to the department through the Charge d'Affaires Rodriguez.

Haultain and the Elevators

Regina.—By asking for all the correspondence between the province and the Dominion relating to terminal elevators, Mr. Haultain indicated that he will push this question to an issue this session.

Four Tracks from Winnipeg

Winnipeg.—Sir William Van Horne, after an absence of two years, comes with a prediction that in a very short time the C. P. R. will have four tracks between Winnipeg and Fort William.

AN EXCELLENT REMEDY.

Will Break Up a Cold in Twenty-four Hours and Cure Any Cough That Is Curable.

The following mixture is often prescribed and is highly recommended for coughs, colds and other throat and bronchial trouble: Mix two ounces of Glycerine, a half ounce of Virgin Oil of Pine compound pure, and eight ounces of pure Whiskey. These can be bought in any good drug store and easily mixed together in a large bottle. The genuine Virgin Oil of Pine compound pure is prepared only in the laboratories of the Leach Chemical Co., Cincinnati, and put up for dispensing in half-ounce vials.

Not Yet, But Soon.

Lucille—"I want a husband who is easily pleased."
Mamie—"Don't worry; that's exactly what you will get."

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on record. It is taken internally in doses from 16 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists. Take Hall's Family Pills for constipation.

Amazing

An enthusiastic Burlington motorist was driving his car through one of the most rural sections of the state. He came to the top of a very steep hill. On each side of the road was a ditch and at the bottom of the hill a load of hay was just beginning the ascent. The motorist, who is not one of the chicken and man-killing variety, backed his car into the ditch and waited for the sturdy son of the soil, who was driving the load of hay, to guide his team past. On the rear of the load, almost buried in the hay, reposed at full length a typical old patriarch of the hills. His face rested easily in his hands and his hands and his whiskers streamed out a foot or two in the breeze. As the team passed the automobile he called out, with a note of surprise in his voice, "Gosh! Taint often we meet a gentleman in one of them things!"

Dougald—"You was not a verra neighbor-like thing to be doin', Angus, when you was tellin' the whole town that I was drunk all the week that we was in Glasgae."

Angus—"I never said no sich word out o' my lips, Dougald Mackay. Aal I said was that you was perfect sober on the Sawbath Day!"

She was a very little maiden, and she thought that Willy Smith, whom she met at a party, was the very nicest boy she had ever seen.

"Mummy," she told her mother the morning after the party. "I want to write every day to Willie Smith—I said I would."

"For goodness sake!" exclaimed mamma, returning from a shopping trip, "what's the matter with little Tommy?"

"Tis a bad bump he got, ma'am. Ye know ye told me I was let him play on the planny, and whin he was slidin' on the top of it he slid too far, ma'am."

He—"My teeth are aching awfully." She—"You must have left them out in a drouthy place."

W. N. U., No. 789

That Got Him

A theatrical manager delighted in taking a rise out of conceited or vain members of his company.

"I see you are getting on fairly well," he remarked.

"Fairly? I am getting on very well," replied the hero of the play, proudly. "I played Hamlet for the first time last night. You can see by the papers' glowing criticism how well I got on."

"I have not read them," replied the other quietly, "but I was there."

"Oh, you were! Well, you noticed how swimmingly everything went off? Of course, I made a bundle of one part by falling into Ophelia's grave, but I think the audience appreciated even that."

"I know they did," said the manager with a slight smile, "but they were frightfully sorry when you got out of it again."

The First Bath

Marshall J. Winslow, of Duluth, said at a charity ball supper:

"The time is now at hand when tramps come in out of the cold to sleep in wayfarers' lodges. There they must, alas for them, strip and bathe. Among the stripped tramps crowding about the baths, really amusing witticisms on cleanliness are sometimes heard."

"One bitter autumn night I saw two tramps, bared for the watery ordeal, regarding one another quizzically."

"Bill," said the first tramp, "yer dirtier than I am. Ye certainly are."

"Well, ain't I older?" Bill replied.

Johnny came home the other night in high glee, wearing the arithmetic medal.

"What is that for?" asked his mother.

"That's the prize for doing examples," said Johnny. "I did this one: 'If our new baby weighs eleven and a half pounds, and gains an ounce every day—cause you told Mrs. Smith she did yesterday—how much will she weigh when she's twenty years old?' And the answer was, four hundred and sixty-six pounds. And the teacher said I earned the prize."

The government of Brazil has determined to develop iron smelting and the iron and steel industry generally, and thus make use of the vast deposits of iron ore which exist in several portions of the country.

KIDNEY TROUBLE

Suffered Ten Years—Relieved in Three Months Thanks to PER-UNA.

C. B. FIZER, Mt. Sterling, Ky., says: "I have suffered with kidney and bladder trouble for ten years past. Last March I commenced using Peruna and continued for three months. I have not used it since, nor have I felt a pain."

Serious Circumstances

"Those tools," said the conductor "are to be used only in case of accident."

"Well, there's been an accident," replied the man who was working feverishly at the case.

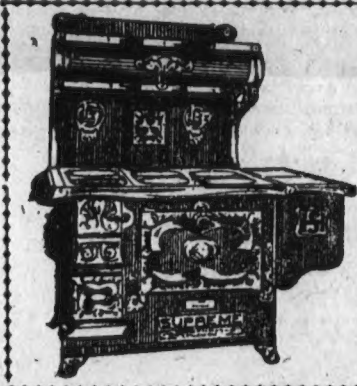

"Where's the accident?" "I just busted my corkscrew."

—Houston Post.

BETTER THAN SPANKING

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W. 77, Windsor, Ont., will send free to any mother her successful home treatment, with full instructions. Send no money but write her to-day if your children trouble you in this way. Don't blame the child; the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

A young man lived at some distance from his bride-elect. On the eventful day he set off for the station in good time, but being delayed by friends, he missed his train. Then he bethought himself of the telegraph. "Don't marry till I come," William! was the message he wired

WHAT every cook should know is, which wheat makes the best flour, and why.

Winter wheat is put into the ground in the fall, but does not ripen until the following July. It matures slowly, is soft and very starchy.

Spring wheat is sown in April or May, and ripens in August. It's a flinty, translucent wheat, rich in gluten and contains nearly twice as much nutriment as winter wheat.

Royal Household Flour

is made entirely from the hard, nutritious spring wheat, carefully selected from all the wheat of this kind grown in Canada.

Royal Household is fine, light and pure—milled by the most improved methods—in a mill as clean as your own kitchen.

Ask your grocer for Ogilvie's Royal Household—just enough to try. You won't mind the slight advance in cost when you see the results in your bread and pastry.

YOU NEED FEAR IT NO LONGER

GRAVEL WARDED OFF AND
CURED BY DODD'S KIDNEY
PILLS.

Manitoba Man Tells How His Urinary Troubles Vanished Before the Great Canadian Kidney Remedy.

Hamrik, Man. (Special).—Probably there is no disease to which man is heir that causes such a general dread as Gravel, or Stone in the Bladder. The frightful pains it brings and the terrible operations it necessitates cause a shudder of apprehension whenever it is mentioned. But there is really no reason why any man or woman should fear Gravel. It is purely and simply a Kidney disease, and as such can be either cured or guarded against by the use of Dodd's Kidney Pills. Take the case of Mr. Calvin R. Snyder, well known here. He says:—

"In the spring of 1907 I was almost laid up from a lame back and was also troubled with excessive urination. I got a box of Dodd's Kidney Pills, and used them with satisfactory results. Dodd's Kidney Pills are the best Kidney medicine I ever heard of."

If you follow Mr. Snyder's example and use Dodd's Kidney Pills for slight urinary disorders, you will never be troubled with Gravel. If you have Gravel, Dodd's Kidney Pills will cure it.

Inventive

Mrs. Jims—Madame Snipper has perfected a wonderful invention.
Mrs. Tims—What is it?
Mrs. Jims—A revolving hat; it works so that the congregation can see all sides of it.

Examiner—"Miss Jones, state the chief impediment to marriage."
Candidate—"When no one presents himself."

Some men can't even blame cigarettes for their failure to make good.

DR. MORSE'S INDIAN ROOT PILLS

owe their singular effectiveness in curing Rheumatism, Lumbago and Sciatica to their power of stimulating and strengthening the kidneys. They enable these organs to thoroughly filter from the blood the uric acid (the product of waste matter) which gets into the joints and muscles and causes these painful diseases. Over half a century of constant use has proved conclusively that Dr. Morse's Indian Root Pills strengthen weak kidneys and

According to the Text

The father wanted to test the generous nature of his son, so as the boy was going to church one morning he said:

"Here, Benny, are a quarter and a penny. You can put whichever you please in the contribution box."

Benny thanked his papa and went to church.

Curious to know which coin Benny had given, his papa asked him when he returned, and Benny replied:

"Well, papa, it was this way. The preacher said the Lord loved the cheerful giver, and I knew I could give a penny a good deal more cheerfully than I could give a quarter, so I put the penny in."

A Pill for Brain Workers.—The man who works with his brains is more liable to derangement of the digestive system than the man who works with his hands, because the one calls upon his nervous energy while the other applies only his muscular strength. Brain fog begets irregularities of the stomach and liver, and the best remedy that can be used is Parmelee's Vegetable Pills. They are specially compounded for such cases, and all those who use them can certify to their superior power.

Chile annually takes imports to the value of about \$100,000,000 United States gold, of which more than 90 per cent. is in manufactured articles, and of which the United States is supplying less than \$9,000,000.

Minard's Liniment Cures Dandruff.

The Manly Man.

"After you've been two weeks in the house with one of those terrible handy men that ask their wives to be sure and wipe between the times of the forks, and that know just how much raising bread ought to have, and how to hang out a wash so each piece will get the best sun, it's a real joy to get back to the ordinary kind of man. Yes 'tis so!" Mrs. Gregg finished, with much emphasis. "I want a man who should have sense about the things he's meant to have sense about, but when it comes to keeping house, I like him real helpless, the way the Lord planned to have him!"

For years Mother Graves' Worm Exterminator has ranked as the most effective preparation manufactured, and it always maintains its reputation.

Would Do His Best

Father—What you need is a flogging, young man.
Son—I know it dad, but I will try and do without it.

CURED HIS BLADDER TROUBLE

Mr. Herbert Bauer, of Davisville, says he owes Gin Pills a debt of gratitude which he can never repay. He suffered for years with Bladder Trouble, and could not pass Urine except by much straining, which caused great pain.

Mr. Bauer sent for a free sample of Gin Pills. The first dose did him so much good that he ordered six boxes and began to take them regularly. A month's treatment completely cured him.

You can try Gin Pills before you buy them. Write National Drug and Chemical Co. (Dept. N.U.), Toronto, for free sample. At all dealers 50c a box—6 boxes for \$2.50.

In 1883 there were fifteen labor co-operative societies in the United Kingdom; in 1908 there were 142, and their profits in a trade of \$20,510,069 amounted to 888,929.

By the time a girl gets old enough to believe that men don't mean the nice things they say, she is so old they don't say them any more.

For Burns and Scalds.—Dr. Thomas' Electric Oil will take the fire out of a burn or scald more rapidly than any other preparation. It should be at hand in every kitchen so that it may be available at any time. There is no preparation required. Just apply the oil to the burn or scald and the pain will abate and in a short time cease altogether.

She—"Somebody has told me that you already have a wife—a blonde."

He—"I assure you, dear girl, you are the first blonde I ever loved."

ZAM-BUK ENDS YEARS OF PAIN

Powerful Proofs of Its Healing
Value

As a household remedy, useful in emergencies such as are always arising in any home, and particularly where there are children, Zam-Buk is without equal. Here are some opinions of its merit.

"I have proved Zam-Buk unequalled for cuts, sores and diseases of the skin. In every case to which I have applied it, it has brought about a cure, and I recommend it to all mothers."

Miss Cassie Petrie, Victoria Mines, Cape Breton, Nova Scotia, says:—"For a long time I suffered from pimples and unsightly spots on my face, and hearing so much about Zam-Buk, gave it a trial. It has now removed the eruption, and I would heartily recommend it for pimples and skin diseases."

Mr. Joseph Kostyuk, of Woodridge, Man., says:—"I had eczema on my face, neck, and hand, so bad that I was unable to leave my room. Several doctors failed to do me any good, although I spent large sums of money. Zam-Buk has effected what they failed to do, and I am now cured."

Zam-Buk is the finest-known cure for skin diseases and injuries. It heals cuts, burns, bruises, abscesses, ulcers, eczema, scalp-sore, bad leg, inflamed patches, poisoned sores, insect stings, blistered feet, etc. It also cures piles. All Druggists and Stores sell at 50c a box, or post free from the Zam-Buk Co., Toronto for price.

Golfer reading from Weather Report.—"Owing to the continued disturbance over the continent of Europe the present rainy weather will be prolonged." Confound those foreign Anarchists!"

CAUSE AND CURE OF NEURALGIA

Modern Methods Dispose of the
Cause Instead of Treating
the Symptoms.

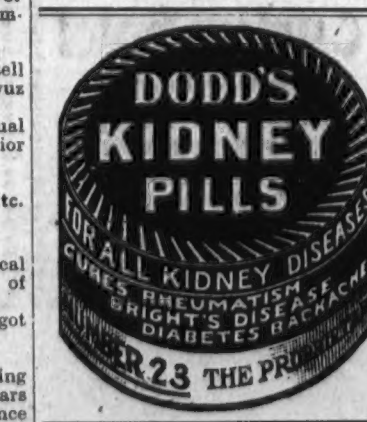

Neuralgia means simply "nerve pain," so there may be a great variation in the character and intensity of the pain and any nerve in the body may be affected. There are a number of causes of neuralgia, but the most common is a general run-down condition of the system. The discovery of this fact from reliable statistics led to the new treatment for neuralgia which consists in building up the general health by the tonic treatment and so disposing of the cause of the trouble.

Persons reduced by acute sickness, or by severe mental or physical strain, or by loss of sleep are frequently victims of neuralgia and it is common in the case of those suffering from anaemia or bloodlessness. This brings us to the actual cause of neuralgia, which is nerve starvation. The blood which in normal health carries to the nerves all of their nourishment, is unable to perform this duty satisfactorily when it is weak or impure. Build up the blood and the neuralgia pain will disappear as the nerves become better nourished. Dr. Williams' Pink Pills are a blood-making tonic, and for this reason cure even the most obstinate cases of neuralgia. Every dose of this medicine makes new, rich blood, which feeds the starved veins and drives out the sharp, darting, stabbing pains of neuralgia. Mrs. John Tibert, Little River, N.S., says:—"A few years ago I was a great sufferer from neuralgia in my head and face. At times the attacks were simply excruciating, and I would be forced to remain in bed. I tried doctors' medicines, but did not receive any benefit until I began using Dr. Williams' Pink Pills, and I am happy to say that the benefit I received from these was wonderful. I may also add that Dr. Williams' Pink Pills cured my daughter of anaemia and indigestion, at a time when we began to despair of her getting better. I can highly recommend these Pills to anyone suffering from these troubles."

You can get Dr. Williams' Pink Pills from any dealer in medicines or they will be sent by mail at 50 cents a box or six boxes for \$2.50 by The Dr. Williams' Medicine Co., Brockville, Ont.

Circumstantial Evidence

"DeVilliers has quit scorching"
"Machine all in?"
"Nope; he's dead"
"That doesn't prove anything!"
Harper's Weekly

W. N. U., No. 769

First Sign of Health

"No," said the doctor, "it wouldn't be safe to let your husband leave the hospital yet. I don't believe he's well enough."

"What's the matter, doctor? He seems to be convalescing."
"That's what puzzles me. I think he's convalescing, too, and yet he hasn't once complained about the hospital meals served him."

"Now this," said the barber, holding up a pink bottle, "is a splendid thing for baldness." "Thank you," replied his victim, coldly. "I have all the baldness I require."

The Beauty of a Clear Skin.—The condition of the liver regulates the condition of the blood. A disordered liver causes impurities in the blood and these show themselves in blemishes on the skin. Parmelee's Vegetable Pills in acting upon the liver act upon the blood and a clear, healthy skin will follow intelligent use of this standard medicine. Ladies, who will fully appreciate this prime quality of these pills, can use them with the certainty that the effect will be most gratifying.

Some recent examples from the writings of two Australian humorists: "Hope is the increase in salary we never get—but might. It's that trip round the world we're going to take—but don't. It's the mine that's going to pay big dividends—some day. Luckily the things we hope for most don't always happen, otherwise our enemies would be all dead."

If we may credit a Princeton lecturer, reported in the Washington Star, the late Mr. Cleveland was disposed to have a little fun at the expense of those Americans to whom life is devouring and incessant activity.

"Mr. Cleveland," said the lecturer, "had no sympathy with the rush and hurry that our business men so complacently affect, no sympathy with the lunch-table telephone, with the letter phonograph, and the train and boat dictation."

"Don't rush so," Mr. Cleveland once said to me. Lightning might do a great deal more if it wasn't always in such an awful hurry!"

Minard's Liniment for sale everywhere

A Perfect System

"I can't save anything. What I want is a patent bank that will take my pay envelope away from every Saturday night and hand me lunch money every day."

"What you want is a wife"—Kansas City Journal

The Canadian Pacific Railway are running their Annual Excursions from Manitoba, Saskatchewan and Alberta to Eastern Canada, and with the Touring Sleeping Cars, now run on all through trains, enables passengers from Western Canada to travel East with comfort, and at a minimum cost. By taking the "All Canadian Route" (C.P.R.) passengers have very few changes of cars, no tedious transfers across crowded cities and no examination or bonding of baggage.

The aggregate value of Canadian cheese and butter exported during the year 1908 was approximately, \$18,987,340, a decrease of \$1,999,058, as compared with the previous year; 5,500,000 pounds of butter were exported, as against four million in 1907. The decrease in the total value is, therefore, due to the falling off in the export of cheese.

Minard's Liniment relieves Neuralgia.

A Collector

Minister—"My dear little boy, why don't you get an umbrella?"
Jakey—"Since pa has stopped going to church he never brings home any more umbrellas."

"I'll give ye two a week," said the country merchant.

"I can't live on less than four," declared the ambitious boy.

"Ye don't know what ye can do 'till ye try John. Try it on two fer awhile. It will make better reading fer your biography when ye git 'sch."

The efficacy of Bickle's Anti-Consumptive Syrup in curing coughs and colds, and arresting inflammation of the lungs, can be established by hundreds of testimonials from all sorts and conditions of men. It is a standard remedy in these ailments and all affections of the throat and lungs. It is highly recommended by medicine vendors, because they know and appreciate its value as a curative. Try it.

Logical Conclusion

"You look sweet enough to kiss," says the impressed young man.

"So many gentlemen tell me that," gayly answers the fair girl.

"Ah, that should make you happy."

"But they merely say that," she replies. "They merely tell me the facts in the case, and never prove their statements."

She—"I have just discovered that the diamonds in the diadem you gave me last year are false."

He—"Why, then they just suit your golden hair."

Inquiring Henderson—"Paw, what is single blessedness?"

Father—"That's when the doctor says it isn't twins."

In England a dog used to guide a blind person is exempt from taxation.

WEAK LUNGS

RESTORED BY PSYCHINE.

"PSYCHINE" has restored thousands of people to buoyant health and strength whose condition had been regarded as hopeless. It is a tonic and flesh-builder, containing remarkable properties as a blood purifier and germicide. It will strengthen and heal the weak lungs, force out the phlegm, and drive away the cough, no matter how long standing.

"PSYCHINE" tones up the whole system and drives out disease, heals the decayed tissue and restores lost energy. Its use daily will prevent and ward off that most subtle disease consumption.

BLACK KNIGHT STOVE POLISH

Has the "Black Knight" come to your home?

Let him show you the quick and easy way to shine the stoves.

"Black Knight" takes all the hard work and dirty work out of stove polishing.

It's a paste—so there is no watery mixture to be prepared.

Just a few rubs with cloth or brush brings a mirror-like shine that "you can see your face in". And the shine lasts!

Most dealers handle and recommend "Black Knight" Stove Polish. If your dealer cannot supply it, send 10c. for a big can—sent postpaid.

FINISH OF THE OCTOPUS

STANDARD OIL COMPANY TO BE DISSOLVED

The United States Government Wins Suit Against the Big Oil Concern, and Court Orders Company Dissolved as Illegal—One of the Most Far-Reaching Judgments Delivered in United States.

St. Paul, Minn.—The government wins its suit against the Standard Oil company. The United States circuit court ordered the company dissolved and pronounced it an illegal corporation.

This case was heard in the United States circuit court at St. Louis, in April, 1909, by circuit judge Judge Sanborn, of St. Paul; Vandeventer of Chicago; Hook, of Leavenworth, and Adams, of St. Louis. It was brought to enjoin John D. Rockefeller, Wm. Rockefeller, Henry F. Flager, Henry H. Rogers, John D. Archbold, Oliver H. Payne, Charles M. Pratt, the Standard Oil Co., of New Jersey, and about seventy other corporations from maintaining a combination and conspiracy in restraint of trade, to monopolize interstate and international commerce and the decree grants the injunction sought by the government.

The case is one of the most notable in the history of the nation, on account of the important industrial and legal questions, and the vast financial interests involved. The evidence filled 21 volumes, and occupied more than 10,000 printed pages, and the arguments of the counsel more than 3,000 printed pages. The nature of the case and the character of the decision appear from the syllabus of Judge Sanborn's opinion, which reads:

"Congress has power under the commercial power of the constitution to regard and restrict the use in commerce among the several states and with foreign nations of contracts, of the method of holding title to property and of every other instrumentality employed in that commerce so far as it may be necessary to do so in order to prevent the restraint thereof as denounced by the anti-trust act of July 2, 1890.

New Penitentiary for Calgary

Calgary.—The government fully recognizes the fact that more jail accommodation should be provided for Calgary and district and have already commenced the necessary steps in order to secure the required ground in the near vicinity of Calgary, and will in the near future begin the erection of a penitentiary of sufficient capacity to serve the needs of the district for some years to come.

The above statement was made by Premier Rutherford when his attention was called to the fact that five of the six prisoners sentenced in the police court to serve terms in the barracks by Col. Walker were refused admittance there by Supt. Deane owing to lack of room. The proposed new penitentiary will be used for short term convicts, that is, prisoners sentenced for two years or less, as it is the duty of the federal authorities to look after convicts sentenced for over two years.

At present the prisoners are kept in the mounted police guard room where there is only proper accommodation for 60 prisoners, though as high as 80 or 90 have been kept in the quarters.

Western Farmers are Holding Wheat

Calgary.—Despite the fact that wheat prices are good and gradually going up, farmers in Alberta, Saskatchewan and Manitoba particularly, are holding back their wheat offerings in large quantities. This statement was made recently by Mr. Wm. Rosser of the Manitoba Grain Growers, who is in the city. There is a great demand for export wheat at the present time, in fact more than there is in sight. Canada at the present time is called upon to supply the British markets. This is due to the Argentine shortage, which usually supplies that market. Locusts and frost has damaged the Argentine crops, to the extent of nearly 75,000,000 bushels less than was their output for last year.

In the northwestern parts of the States there is a marked shortage on account of farmers holding back, and in the big centres like Chicago and Minneapolis, there is not nearly so much wheat on hand as in former years.

Wheat receipts are showing a falling off at all Canadian points, and this will have the necessary effect of keeping the present prices up.

Cannot Force Views on Colonies

London.—During a discussion on Asiatic immigration in the House of Lords, Earl Crewe said everybody in England would be glad if British subjects all over the world had equal access to His Majesty's dominions, but anyone who had even the slightest acquaintance with the opinion of the great overseas dominions, knew that that was an ideal which could only be attained at a very distant date. He saw no softening of opinion in that direction, but rather, signs of hardening. They all regretted that, but they could not force upon the Dominion a policy of a kind which they were so strongly opposed.

To Be Governor of South Africa

London.—Herbert J. Gladstone, secretary of state for home affairs, has accepted the post of Governor-General of United South Africa.

CANADA WITHIN HER RIGHTS

Minneapolis Journal Says the Great Lakes Must Not Become a Mediterranean

Minneapolis.—Commenting editorially on the international question of the great lakes naval militia which is just now causing so much diplomatic interchange of ideas, the Journal says:

"Canada is within her rights if she has given notice that she will refuse consent to the presence of any more practice ships for our naval militia on the great lakes. The refusal we may construe as too cynical an interpretation of her rights under the Rush-Bagot convention, but we are bound by formal obligation to respect her refusal.

"Moreover, the convention that has neutralized the great lakes is a blessing, both to the Dominion and to this republic. No minor irritation or inconvenience due to that convention should be permitted to make it unpopular.

The great lakes must not become a Mediterranean, with a Gibraltar at Mackinac, a Malta at Put-In-Bay, a Toulon at Duluth, a Bizerta at Toronto, a Spezzia at Buffalo. If a rivalry in armament upon the great lakes be once begun, no man can prophesy to what extent it might ultimately be carried. If it is our duty and our interest as a nation to put such power on the salt seas that we can defend our rights and dependencies in distant regions, and at the same time keep actual war's theatre away from our shores, it is also both our duty and our interest to continue the Pacific status in North America, and to bar forever from this continent the European military rivalry that grows more intolerable than actual war.

"This republic is dedicated to peace. So, also is this continent."

Britain Same as Ever

London.—The Pilgrims, under the presidency of Sir Henry Mortimer Durand, gave a farewell dinner to John Ridgely Carter, the retiring secretary of the American embassy here, who has been appointed minister to the Balkan states. The large company included Whitelaw Reid, the American ambassador; Earl Dyaart, Sir Edward Seymour, Field Marshall Earl Roberts, and Sir Robert Hart.

Sir Henry Mortimer Durand in toasting King Edward and President Taft said that the British had no right to expect American help in their quarrels, or even to take it for granted that they could depend on American sympathy. Happily neither nation needed from the other more than good-will. The American republic and the British empire were each strong enough to fight their own battles. So long as the magnificent union endured no power on earth could seriously disturb its peace of mind; while Britain, surrounded by her sister nations and brave allies, was still the England of Drake and Nelson.

Anglo-Saxon Federation

Pasadena, Cal.—At the first noon-day luncheon for the season of the board of trade there were 300 business men and visitors present. The three guests of honor—United States Senator Scott, of West Virginia; Chief Justice Howell, of Winnipeg, Canada, and Rev. Robert J. Burdette spoke.

Chief Justice Howell made a notable address, eulogizing the United States government and the constitution, saying:

"Some years ago thousands of Canadians came to this western country and helped to build it up and many of them are now living here. Now we have thousands of American families going into the Canadian Northwest, and many of them are taking the oath of allegiance.

"I regard Alexander Hamilton as one of the greatest statesmen the world ever produced and his ideas of federation have formed the nucleus of all the great federations of the world. We now have the Canadian federation, the English federation and the African federation, and I believe that some day all of these will become welded into one powerful federation."

Canadians as Chicago Judges

Chicago, Ill.—The directors of the International Live Stock Exposition, to be held in the International pavilion, Union Stock Yards, Nov. 27 to Dec. 10, have appointed a formidable list of judges. In the sheep classes the experts will be men of national reputation, five of them coming from the great sheep region in Ontario. They are: Shropshires, W. J. Rutherford, Winnipeg, Man.; Hampshire, F. M. Benham, Canandaigua, N.Y.; Cotswold, E. L. Shaw, Washington, D.C.; South Down, H. L. Compton, Kyle, Ohio; Dorset, A. G. Danks, Allamuchy, N.Y.; Leicester, C. E. Wood, Freeman, Ont.; Lincoln, Herbert Lee, Highgate, Ont.; Suffolk, Geo. Allen, Burford, Ont.; Oxford Down, G. E. Day, Guelph, Ont.

C. P. R. Not in Politics in B. C.

Montreal.—In an interview Sir Thomas Shaughnessy remarked that the newspaper reports of an interview between Premier McBride and himself on the occasion of his last visit to British Columbia, are untrue. Their conversation, when Sir Thomas called to pay his respects, was quite friendly and agreeable. Sir Thomas stated that whatever opinion he may entertain about Mr. McBride's railway policy, the Canadian Pacific Railway company is not in politics either in British Columbia or elsewhere.

FARMERS FOR CANADA

SENATOR BORAH DEPLORES EXODUS TO CANADIAN FARMS

Regrets that Seventy Thousand of the Strongest and Most Progressive Citizens of the United States Have Moved to Canada—"Dry Farming" Campbell Addresses National Farm Land Congress at Chicago.

Chicago, Ill.—At the national farm land congress, now being held at the Hotel Lasalle, the new science of agriculture which has made productive great expanses of land in the far west and which is so rich in promise for the future was expounded by the man who may be said to have invented it. Paradoxical though it seems, the advantages of the most rainless climates for raising crops were contrasted with the humid regions where there is the delay and loss due to excessive rainfall.

Professor H. W. Campbell, of Nebraska, the "Father of dry farming," told of the development and practice of the kind of tillage that makes the farmer independent for months at a time of rainfall without the aid of irrigation. Frank W. Mendell, congressman at large from Wyoming, president of the Dry Farming congress, gave an address, and other speakers included Governor R. S. Vessy, of North Dakota, who took for his subject "The call of the farm"; Colonel S. C. Dunlop, Commissioner of the Georgia bureau of industries and irrigation; Congressman Jas. T. Lloyd, of Missouri; Professor A. E. Chamberlain, of South Dakota, and Dr. Cyril Hopkins, of the Illinois Agricultural college.

Senator Borah proclaimed his entire sympathy with the purpose of the congress, and laid special stress on the sorrowful condition of affairs that would permit 70,000 of the strongest and most progressive citizens of the United States to seek farms in Canada and take \$100,000,000 with them. He did not mind the loss of the money, but he did regret the loss of so much red American blood.

U. S. Sends Marines to War Zone

Washington.—Preparations are being made for four hundred marines to sail from Philadelphia, either for the canal zone or for Nicaragua. This will constitute the first armed force to land in Nicaragua, if the developments in the situation there within the next few days require such a course.

All will depend upon the action to be taken by the state department, which is marking time, pending the receipt of additional details of the execution of the two Americans, Grace and Cannon. The departure of the marines came as the result of rush orders sent to the League Island navy yard, after the state department received the preliminary report of the slaying by President Zelaya's order of the two men. It has been intended to send the marines to Panama to relieve about 380 marines on duty there. The date of departure from Philadelphia had been set for December, by which time the troop ship *Prairie* would have been ready to sail. By working night and day the League Island force will be able to finish repairs to the ship by Nov. 27, and that date has now been set for the sailing of the marines.

Object of France is War with Church

Rome.—Pope Pius in an address to the French Pilgrims declared that France was making war against the church with an aim of undermining the basis of Christianity. The pontiff said that Catholicism was suffering persecution by the French government under the pretext of the separation of church and state. All this the pope said instead of depressing must animate Catholics to defend their religious rights and he concluded his address by urging the faithful to cling to the Episcopacy. The papal words are accepted here as confirmation of the opinion that the Vatican believes the struggle organized by the French government on the school question is intended to be a decisive battle for the complete effacement of Christianity as a factor in the rearing of children, or in other words, the suppression of Christianity in the France of tomorrow. It is asserted that the Vatican is ready to fight on two questions, namely, the denial of legal acknowledgment of the Catholic hierarchy and scholastic instruction.

Women Ask Municipal Franchise

Regina, Sask.—"Votes for Women" will be heard in Saskatchewan legislative halls this session. The women of Regina have organized to canvass the city with a petition asking municipal franchise for married women in the towns, cities and villages of the province. These petitions will be presented to the legislature in due course.

Only Recruiting in Canada

Ottawa.—Col. Fred White, controller of the Royal Northwest Mounted Police, denies the story sent out from Winnipeg to the effect that it is proposed to seek recruits for the force in Great Britain. Col. White says that no need has arisen for doing this and any resident of the old country who desires to become a member of the force must come to Canada to enlist.

Activity on Northern Road

Edmonton.—Three hundred men and 200 teams are at work on the Great Waterways railway, and will continue grading until much colder weather.

OPEN DEFIANCE BY MILLERS

United States Government Issues Orders to Inspectors to Seize all Bleached Flour

Washington.—Open defiance by millers of the United States government's warning to cease the manufacture of bleached flour on pain of seizure, has led the secretary of agriculture to take drastic action. An order has been issued by Secretary Wilson to inspectors of the department of agriculture to seize all of the bleached flour in the country and information has been received here that as a result of that action fourteen consignments comprising several hundred carloads were taken in the west recently.

Further seizures are expected. The millers had been ordered to stop the manufacture of this kind of flour, but it is said a number of them disregarded the secretary's command.

It is supposed here that about \$1,000,000 of bleached flour was manufactured during the past year and that most of what remains of it is in the east, especially in and about New York.

About a year ago the department of agriculture following an investigation and experiments, decided that bleached flour is injurious to health. Then the Secretary issued an order to prevent the manufacture of such flour but for various reasons the millers were allowed six months to dispose of their stock. Some of them obeyed the order, it is said, but others continued their operations.

Will Not Compromise Budget

London.—Walter Runciman, president of the board of education, speaking at Hull, made the important announcement in behalf of the government that it would refuse to entertain any negotiations of compromise with the peers over the budget. Beyond this announcement all is conjecture regarding the development of the political situation.

Some prominent Liberals still are of the opinion that Premier Asquith will resign on the rejection of the budget. Others believe that he will ask the king to create a large body of Liberal peers, recalling that the Irish church disestablishment bill was allowed by the lords on Gladstone's threat to create new peers.

Mr. Balfour's speech at Manchester satisfies his followers as it adopts tariff reform as the party cry, but it cannot be regarded as an election manifesto, since it fails to define what he understands by tariff reform. As to his exact views on tariff reform Mr. Balfour was silent, except to say that he would not touch tariff reform "if it were to increase the ordinary cost of living of the working classes."

A Reign of Terror in Nicaragua

New Orleans, La.—A cable from Panama says: "Passengers arriving from Nicaragua report that a reign of terror exists throughout the portion of that country controlled by President Zelaya.

"Government troops are rounding up every person suspected of sympathy with the revolutionists and executing them without trial. More than 500 have been summarily shot and the executions continue. Residences are ransacked by Zelaya's soldiers in search of incriminating letters and evidence and when resistance is offered the houses are destroyed.

"Women relatives of the revolutionary sympathizers have been subjected to the most horrible indignities and outrages."

"Nicaragua refugees arriving on the Isthmus and in Costa Rica declare that it is time for the civilized powers to intervene."

Too Many Jews in Legal Profession

St. Petersburg.—Because of the great number of Jews who have entered the legal profession since 1905, the minister of justice has further limited the percentage of Jewish students who may be eligible for admission to the bar. Hereafter only thirty-five per cent. of those living within the pale—that is, within the Russian district, where many reside only such Jews as have been admitted by special favor of the government—will be eligible, and 20 per cent. outside the pale. Formerly the percentages were fifty and thirty respectively. The profession of the law was closed practically to the Jews prior to 1905 by reason of the discretionary power vested in the minister of justice, none having been accepted as fully qualified advocates during the thirteen years preceding that date.

Insurance Bill Effective in 1911

Ottawa.—The insurance bill, which was given its first reading in the senate, will be referred to the banking and commerce committee for careful consideration before it receives a final reading. The new act comes into force in 1911 instead as was announced by typographical error.

Year's Shipments of Grain from West

Ottawa.—Statistics received at the department of trade and commerce show that up to November 7, 51,246,350 bushels of grain inspected at Winnipeg, of which 40,516,350 bushels were wheat. Export shipments up to Nov. 7 were 29,806,999 bushels, an increase of about 10,000,000 bushels over last year.

Work on C. N. R. To Calgary

Edmonton.—Construction on the Calgary-Vegreville branch of the C.N.R. will continue throughout the winter. The grade is 104 miles from Vegreville.

CANADA'S FLEET UNIT

SEVEN WARSHIPS TO BE BUILT FOR NAVY

Naval Programme Adopted by the Government Involves Construction of Three Cruisers and Four Destroyers—Cruisers for Pacific Coast and Destroyers for Atlantic—Total Number of Officers and Men 1,408.

Ottawa.—The plans submitted by the admiralty and the war office at the Imperial Defence conference of last summer for the naval and military defence of Canada in co-operation with the imperial force and on which the proposed action of the government is based, were laid on the table of the house by the Hon. L. P. Bourcier.

In brief, the naval programme adopted by the government involves the construction of three cruisers of improved Bristol class, and four destroyers of improved river class costing, for the cruisers, about five and three quarter millions and for the destroyers about a million and a half, with an annual outlay for maintenance of something like two million dollars. Two of the cruisers will be placed on the Pacific coast and one cruiser with the four destroyers on the Atlantic coast. The total number of officers and men for this nucleus of a fleet is estimated at 1,408, with a payroll of about \$400,000 with an extra \$100,000 for victualling.

In respect to the military proposals a provision is made for the extension of the plan of co-operation already under way in connection with the imperial general staff; the exchange of officers and the training of the Canadian troops upon a common system of imperial organization.

In a memorandum submitted to the conference detailing the general proposals of the chief of imperial general staff, General W. G. Nicholson, it is pointed out that the military force of the British empire, including the Indian army and the troops of overseas dominions, amount to the total of nearly 1,200,000 officers and men who can be called to arms in event of war, but that as a matter of fact, owing to the distribution and the various calls on those troops for garrison and other duties, the force available by its terms of service, for expeditionary action in any part of the world, whether offensive or defensive in its nature, is almost insignificant when compared with vast armies of the continental powers, and Japan. The whole history of the British empire, he says, is an illustration of the fact that naval and military services are interdependent and that its safety hinges on their combined action and cordial co-operation.

Bernier Adds Land to Canada

Montreal.—Capt. Bernier greatly delighted a capacity audience at the weekly luncheon of the Canadian club of Montreal, when he gave an address on his recent Arctic trip. He pointed out the immense value of the land he had taken possession of for Canada, saying that while Peary and Cook claimed the expensive luxury of having discovered an invisible point called the North Pole, he had established Canada's claim to the whole of the Arctic Archipelago. The land he had claimed for Canada was not less than 600,000 square miles in extent. It teems with animal life, such as musk ox and deer, while the fisheries which thus pass into Canada's possession were of such magnitude that if Newfoundland were to come into the Canadian federation Canada would control the fish markets of the world. A very large quantity of land was also coal bearing. In fact instead of being a barren waste, this northern land was full of natural resources of untold value.

Oregon Streams are Raging Torrents

Portland, Ore.—Practically every river, stream or creek in Oregon is out of its banks, and from all parts of the state comes reports of damage. In eastern Oregon the rain is accompanied by a wind of almost hurricane violence, which has resulted in considerable destruction. In eastern Washington conditions are much the same, though the rainfall is not reported to be as heavy, but in the southern part of the state streams and rivers threaten great loss. The greatest loss apparently has been done along the Willamette. At Roseburg the water plant has been forced to shut down.

Wheat Exports Increase 10,000,000 Bus.

Ottawa.—Statistics received at the department of trade and commerce show that up to Nov. 7, 51,246,350 bushels of grain were inspected at Winnipeg, of which 40,516,350 bushels were wheat. Export shipments up to Nov. 7 were 29,806,999, and increase of about 10,000,000 bushels over last year.

To Transfer Esquimaux

Victoria.—Commander Parry of H. M.S. Egeria, has received instructions from the British admiralty authorizing him to transfer the Esquimaux naval station to the Canadian government as soon as Canada is ready to accept the transfer.

20 Men Rescued from Cherry Mine

Cherry.—In searching for bodies in the mine here the seekers came upon 20 men who were found to be living, though most of them were in a terribly exhausted condition.

Gentleman Farmers

To one and all; it was im-
possible for me to get my
business sold or get in a
shape to go on a farm this
year as it was late, so I have
made up my mind to stay in
town and deal with you a few
years longer. I will move my
shop near the meat market
and feed mill, opposite Con-
ner & Walburn. I would be
pleased to have you come and
see me again.

Yours truly,
S. A. WOODWARD,
Farmers' Home.

Spruce Coulee

C Ball was a visitor at Mrs
Searf's last week.

J Allen was visiting at W Hawk-
ins Sunday evening.

Miss. E Hawkins called at B
Bosbargo's Saturday afternoon.

Miss E Hawkins visited G
Hawkins Tuesday evening.

P Hawkins and his mother
were visiting at Mrs. Harbison's in
Olds last week.

A Anderson paid a very pleasant
visit to Mrs. W Hawkins, Sunday
afternoon.

T G Ashwell was a very pleasant
caller at Mrs W Hawkins Saturday
evening.

H Doncaster called on Mr. Allen
and Mr Ashwell, Monday after-
noon.

Mrs. Benning was a pleasant
visitor at G Hawkins Tuesday
afternoon.

Horse Shoe Lake

S Cummings has been pressing
hay on Norman Jacobs ranch.
